FURY OF NAZI NIGHT ATTACKS ON LONDON GREATLY DIMINISHED

Dive Bombers Strike Two Districts of City Just Before Dawn—Five Raiders Destroyed During Day—Little Military Damage Done In Heavy Assaults, Declares Minister

LONDON, Sept. 20 (P)—Nazi dive bombers, in a concerted attack just before dawn today, raked Northwest London, while a second wave struck at an East London area. The German planes abruptly began coming over again in relays following a period of relative calm. They blasted away with high explosive and incendiary bombs at their objectives.

The Government described last night's raid as being "on a smaller scale and less effective than of late."

BOMBS HIT MANY AREAS

A communique issued by the Ministry of Air and Home Security said the main attacks were against London. Bombs were said to have fallen also in Lancashire, Essex, Surrey, Berkshire, Kent, the Midlands and Southwest England.

The new outbreak of bombing came after the Nazis' activity had been reduced in the early morning hours.

The Germans again struck at all sections of London, but in the first part of the night—the thirteenth consecutive dusk-to-dawn raid—heavy clouds and heavy anti-aircraft fire slowed the pace of the attackers. The bombing and the anti-aircraft firing increased slightly after midnight when the moon broke through the clouds.

JAPANESE NOW SEEKING BASES

France and Japan Disagree Over French Indo-China Agreement

HANOI, French Indo-China, Sept. 19 (P)—New and unexpected developments threatened tonight to upset negotiations between the Government of French Indo-China and the Japanese who have sought the right to move troops and supplies through the colony to facilitate their war against China.

The French Government issued a statement saying:

"Negotiations between the French authorities and the Japanese mission have reached a delicate state. The Japanese having presented new demands which do not seem compatible with instructions from the French Government and which deviate from previous agreements, but the negotiations are continuing."

SHIFT OF BASIS

The statement offered no explanation of the new demands, but informed sources said the Japanese suddenly had shifted the emphasis in the negotiations from their desire to move troops and supplies through the colony to a request for bases which could have little connection with the Japanese army's China campaign.

Meanwhile, 160 Japanese nationals from all points in Northern Indo-China gathered at Hanoi and Hainan awaiting a Japanese order to leave the colony.

Earlier in the day Japan announced her determination to withdraw civilian nationals and consular representatives from the colony to lessen the danger of "unfortunate incidents" when her troops march in to take up "limited military facilities."

Legislature May Open October 22

PRINCE RUPERT, Sept. 19 (P)—Premier T. D. Pattullo, here on a tour of the north coast, said today that the Fall session of the Provincial Legislature will be called at the end of October and suggested that October 22 would probably be the date. He added, however, that the date has not yet been definitely fixed.

SUPPORT THEIR KING

HALIFAX, Sept. 19 (P)—Norwegian seamen, 800 strong, held a mass meeting in the Halifax Forum today and passed unanimously a resolution pledging loyalty to the Norwegian monarch, King Haakon, and his Government. Intentions of extending aid to the Allies in any way possible were also expressed.

ROYAL AIR FORCE HITS HARD AT COASTAL INVASION PORTS

Has Report Nazi Raider at Sea In Far East Waters

By ROYAL ARCH GUNNION

SHANGHAI, Sept. 19 (P)—A German sea raider refused and took on other supplies at Kobe, Japan, and cleared that port, with her guns visible, on September 13, this correspondent has learned from a reliable authority. It is believed to be the same German raider that sank a British ship in the Tasman Sea in mid-August and earlier laid mines that sank the British passenger liner Singara, off New Zealand. The raider had to run the British patrol blockade in and out of the Japanese Isles.

Royalty Pays Visit to City's Bombed Areas

LONDON, Sept. 19 (P)—The King and Queen visited bombed areas in Chelsea today and were cheered by residents who stood amid the ruins of their homes.

"Surveying unharmed Anderson shelters amid one devastated section, the King remarked: 'These Anderson shelters are wonderful, wonderful!'"

Her Majesty told air raid precaution workers they are doing "a grand job."

The King and Queen later visited a block of damaged flats at Marylebone. Police on motorcycles had to clear the area yard by yard, so large was the crowd.

GENERAL HAY KILLED

LONDON, Sept. 19 (P)—Major-General Charles J. Bruce Hay, seventy-three, who served on a deputation to the Canadian militia in 1909-10, and distinguished himself in service in India and the Near East, was killed during a recent bombing of a West End hotel, it was disclosed today. His wife, Agatha, daughter of the late Rev. James Mansel, was killed at the same time.

London Undismayed By Heaviest Night of Bombings of the War

Workers Trudge Through Debris-Littered Streets—Many Famous Buildings Struck by Enemy Missiles—Cheers for King and Queen

LONDON, Sept. 19 (P)—The King's brother and Chelsea pensioners felt the concussion of German bombs today and London, a bruised and weary giant of a city, pulled itself from the acid smoke of the fiercest all-night attack of the war.

Through frenzied streets, hundreds upon hundreds, trudged in the early morning from one deep shelter, smothered by the ruins of a big building, to others not so deep.

In London's Chelsea, the pleasant Bohemian district, the people waved their hats and cheered from the ruins of their homes for the King and Queen to hear.

In Chancery Lane and Inner Temple, the debris slid and sifted in the narrow streets and dim courts.

MEETING IN VAULT

Down below Threadneedle Street, Montagu Norman and the directors of the Bank of England met in the vaults.

The bank commented Mr. Norman has been "somewhat upset."

Le Havre Has Five-Hour Long Attack—Explosive And Incendiary Bombs Inflict Heavy Damage On Ships and Docks—Score of Other Points Suffer From Assaults

DOVER, Sept. 20 (P)—Royal Air Force bombers, striking through a heavy rain, today renewed their attacks on German-held French ports. The whole area from Calais, opposite Dover, to Boulogne-sur-Mer, was alight, as bombs exploded and anti-aircraft poured shells into the cloud-laden sky.

SHOWERED BY BOMB DEBRIS

Duke of Kent Close to Explosion Set Off by Royal Engineers

LONDON, Sept. 19 (P)—A time bomb exploded today within eighty yards of a car in which the Duke of Kent was visiting bombed areas in Southwest London. He was not injured.

The Duke's car was traveling along a road and came to a road-off barrier bearing the notice: "Danger—Unexploded Bomb." The car stopped and at the same moment the bomb went off.

There was a loud report and rubble shot up from the front garden of a house a short distance up the road. Two seconds later a shower of stones and earth descended on the Duke's car.

When the shower subsided the Duke got out of the car, and people attracted by the noise of the explosion crowded around him, a number of women shaking the Duke's hand.

TERRORISM IN TRANSYLVANIA

Government Charges Peasants Ill-Treated in Ceded Area

BUCHAREST, Sept. 19 (P)—The Rumanian Government tonight officially accused Hungarian soldiers and civilians of "massacring" Rumanian peasants, burning villages and committing other "horrors" in Northern Transylvania since the occupation of that recently ceded area.

The Government's statement alleged that nails had been driven into the body of a peasant in whose home a Rumanian flag had been found; that 100 school children had been forced to become street cleaners; that the family of one peasant was "massacred."

NAZIS THINK WAR MAY LAST MONTHS

German Newspapers Dampen Hopes Of People For Quick Victory As Promised

BERLIN, Sept. 19 (P)—The regimented Nazi newspapers today published hints to inform the German people that the war may go on through the winter, dampening their hopes of the quick victory promised them for a year.

At the same time, the journalistic voices of the Government claimed that Royal Air Force bombers in their attacks on military objectives had struck hospitals in Prussia.

German spokesmen claimed that "targetable acts" would follow the Rumanian discussions between Foreign Minister Ribbentrop and Mussolini. These "acts" would be against "vulnerable" points in the British Empire; the notion generally conveyed was that the war is going to open up in scope.

GUNS OF BRITAIN'S NAVY FLING DEATH AT DUCE'S DESERT BANDS

From Europe Day by Day—

THE TIMES, London

News and Comment on International Events selected from The Times daily and published in The Daily Colonist by special arrangement with The Vancouver Daily Province.

(Copyright, 1940, by Southern Co.)

LONDON, Sept. 19 (By Cable)—Royal Air Force bombers are continuing their relentless offensive against German invasion bases. Much damage has been done to shipping and military stores.

The coastal command aircraft have sunk two supply ships in Cherbourg harbor.

This offensive has now continued for a fortnight and has been extended to strategic points inside Germany itself. Great fires have paralyzed Antwerp port and barge concentrations off Flushing have been destroyed on a big scale.

The Italian advance toward Egypt continues slowly and so far the fighting consists mainly of mobile artillery duels in the desert. British anti-tank guns have already shown their superiority to the Italians' and British harassing tactics are maintained pending a further Italian advance over the waterless desert.

Hitler's demands on France for the cost of maintaining the German army there are far greater in proportion to France's capacity to pay than the heaviest reparations imposed on Germany at Versailles.

Spain does not want to go to war, says The Times, but Spanish officers apparently fear a British landing in Morocco designed to secure the southern shores of Gibraltar Straits. This idea is fostered by German propaganda. Spanish troops are now being moved over to the Franco-Spanish frontier in Morocco.

The Swedish press reports that Hitler and Mussolini are already sharing out Africa. Italy is to get Egypt and the whole of North Africa. Germany is to get Central Africa and South Africa is to become a German dominion with the help of General Hertzog.

The Germans are bitterly complaining because Swedish newspapers publish British war news and they are trying to bring pressure on the Swedish Government to suppress the journal that side with this country.

Oil Output In Rumania Will Be Cut

BUCHAREST, Rumania, Sept. 20 (P)—At least 15 per cent of the Rumanian oil wells which have been supplying German planes with fuel for the Battle of Britain soon will be capped, it was said tonight, because of the impossibility of transporting the full output to the Reich.

Official figures disclosed that Germany, so far this year, has imported less than 85,000 tons of oil monthly instead of the 130,000 which Rumania had agreed to let her have.

Band of Rebels Active in Mexico

CHIHUAHUA CITY, Mexico, Sept. 19 (P)—A bulletin from the headquarters of Gen. Antonio Guerrero, commander of the Fifth Military Zone, reported tonight that a band of 150 men, headed by Jose Guerrero, had risen in arms against the Government in the village of Santa Maria de Cuevas, about 100 miles northwest of this city, near the Sonora border.

The political affiliation, if any, of the band led by Guerrero, no relation of General Guerrero, was reported unknown.

LATE NEWS BULLETINS

JAPAN ISSUES ULTIMATUM TO FRENCH INDO-CHINA

HONGKONG, Sept. 20 (P)—Official foreign quarters said today they had received information that Japan had given French Indo-China until Sunday to comply with new Japanese demands, but that the French were not yielding. Upon receipt of the seventy-two-hour ultimatum, the French were said to have stood firm. They expressed the opinion, however, that this new development did not necessarily mean the Japanese would resort immediately to military action, but that instead they might seek to reach a face-saving agreement at the last minute.

ITALIAN PRESS CORRESPONDENTS CAPTURED

CAIRO, Egypt, Sept. 19 (P)—British raiding parties sallied out against Italian positions today, and among the prisoners they brought back were three Italian press correspondents.

UNITED STATES AWARDS HUGE WAR CONTRACTS

WASHINGTON, Sept. 19 (P)—Donald M. Nelson, co-ordinator of defence purchases, reported tonight that the United States Defence Commission has cleared contracts totalling more than \$5,000,000,000. "This amount exceeds by 300 per cent," he said, "contract awards for any entire year of peacetime military procurement."

FRANCE TO BEGIN RECONSTRUCTION

VICHY, France, Sept. 19 (P)—The French Government today allocated 25,000,000,000 francs (about \$500,000,000) for reconstruction.

British Battle Fleet Bombards Italy's Advancing Force Along Egyptian-Libyan Coastline—Troop Concentrations and Supply Bases Suffer Heavily—Ports and Roads Bombed

Egyptian Officials Claim Italian Advance No Menace

ALEXANDRIA, Egypt, Sept. 19 (AP)—Britain's battle fleet has gone into action to demonstrate its mastery of the Mediterranean and to harass Italy's advancing expeditionary force along the 350-mile Egyptian-Libyan coastline.

All along the coast, British authorities say, the bombardment caused heavy damage to the invading columns.

The Mediterranean fleet's mighty guns burst against Italian land positions the night before last after it had made a three weeks' sweep of the Mediterranean and Aegean Seas.

MASTERY OF SEA AND AIR

"This new sweep of the Mediterranean and this blasting of enemy concentrations ashore is new proof of our mastery of the sea and air," said an officer aboard one of the warships.

"In the entire 2,500-mile trip no Italian warship appeared, and though the fleet frequently was shadowed by enemy planes, they made no attempt to bomb us. Our destroyers made an attack on two submarines with depth charges. Huge patches of oil appeared on the surface of the sea after both attacks."

From Sidi Barrani to Salum, in Egypt, the fire of the fleet raked Italian troop concentrations and newly-established supply bases.

SURPRISE FOR ENEMY

The shelling came within forty-eight hours after the Italians had dug in at Sidi Barrani. British officers said it took the Italians by surprise and caused widespread damage to the bases they had prepared for an intensification of the drive into Egypt.

The fleet also heavily shelled the Libyan port of Bengasi, 300 miles west of Salum, simultaneously with British air bombing.

Destruction of many hangars and airplanes at Bengasi, enemy transports at Bugbuq in Egypt and the blasting of artillery emplacements at Sidi Barrani as the result of air attacks in the last seventy-two hours, were announced.

MAJOR BRITISH ACTION

CAIRO, Egypt, Sept. 19 (P)—Big guns of the Mediterranean fleet and the Royal Air Force have begun shelling and bombing Italian desert troops and convoys along 350 miles of the Egyptian-Libyan coastline in the first major effort to stem the Fascist wedge, now menacing Matruh, 150 miles inside Egypt.

Matruh is seventy-eight miles east of Sidi Barrani, where the main body of invaders is digging in. It is the next objective along an asphalt coastal road leading to the British naval base at Alexandria, and the Suez Canal.

EGYPT'S CABINET MEETS

Egypt's Premier, Hassan Sabry Pasha, first told of the fleet and R.A.F. action, after an all-night Cabinet meeting weighing non-believe Egypt's destiny in the conflict.

Successful R.A.F. attacks also were made on Tobruk, Derna, Benghazi, and Bardia, in Italian Libya, the communique said, as well as raids on Italian bases in the Dodecanese Islands at Maritima, and Calisto, in the Eastern Mediterranean.

British forces intentionally abandoned the area now held by the Italians, leaving only small harassing forces which inflicted heavy casualties.

Egyptian officials said they did not believe the Italian occupation of the western desert strip constituted a real menace to the Nile Valley in which 98 per cent of Egypt's population lives.

OFFICIAL COMMUNIQUE

LONDON, Sept. 19 (P)—The following communique on operations in the Mediterranean was issued Thursday by the Admiralty:

"An initial report from the Commander-in-Chief, Mediterranean (Sir Andrew Cunningham), indicates that units of the Royal Navy continue to harry the northern flank of the Italian advance from Libya."

FOR PLANE FUND

LONDON, Sept. 19 (P)—The Durham Miners' Association today sent Lord Beaverbrook £10,000 (\$44,500) for the purchase of two Spitfire fighting planes.

HUGE LOG RAFT ABLAZE AT SEA

Drifting Logs Causing Menace to Navigation Off California Coast

SAN FRANCISCO, Sept. 19 (P)—A huge log raft, ablaze since dawn, was reported breaking up and causing considerable menace to navigation twenty-one miles south of Point Sur, late today.

The coast-guard cutter Daphne II formed headquarters the sea was too rough to combat the fire with hose. It was indicated the flames were still spreading. Friction of the big chains binding the logs apparently caused the fire.

The raft, 1,000 feet long and carrying 6,000,000 board feet of lumber, was en route from Astoria, Ore., to San Diego, Cal.

JANITOR MEETS FLAMING DEATH

Crashes in U.S. Army Plane After Helping Himself To Ride

MCGHORD FIELD, Wash., Sept. 19 (P)—In an army plane he had taken as it stood unattended, a McChord Field janitor, listed as a barracks janitor, crashed to a flaming death here today after apparently losing his nerve while attempting to land.

Colonel Carlyle H. Wash said the "flying janitor" was Private Morris Heller, twenty, of Millroy, Minn.

Colonel Wash, McChord commandant, said the youth had had twenty hours of private flying instruction.

Colonel Wash said Heller took off "without notifying operations" at 1:30 p.m., flew around the field once, ignored the control tower's radio calls and then disappeared for two hours.

"When he came back," Colonel Wash said, "the control tower tried again to talk to him, but there was no answer. When the field was clear he was given the green light, signifying he could land. He made no attempt."

"Later, he dove down to within thirty feet of the runway, apparently lost his nerve and went up again. He then circled the field several times. Once again he came down to land. He hit on one wheel, bounced and then gunned the motor. Just over the field boundary the ship went into a steep left bank and crashed from about 100 feet. The plane plowed into the ground at a sharp angle, with the motor wide open. It hit on its nose and turned over on its back—Heller did not turn off the ignition, and the ship burst into flames."

FURY OF ATTACKS GREATLY REDUCED

Continued from Page 1

A German plane was brought down in a southwest district of London by anti-aircraft fire. The machine blew up when it hit the ground, demolishing a house and making a huge crater. It just missed a hospital building.

FIVE RAIDERS DESTROYED
It was the second attack since dawn, but the previous raid was played by only two German planes which bombed East London. One of them was downed. A total of five raiders was destroyed during the day over England.

Heavy gunfire greeted the first planes over the London area. Londoners, no longer interested in the familiar spectacle of battle in the skies, quickly made for shelters.

The raiders, plunging through dirty weather, were flying lower than usual. It appeared they arrived by an unaccustomed route over a southeast coast town. A cinema also was damaged.

British fighters were in the skies, diving in and out of cloud banks in pursuit of the enemy.

There was little air activity during Thursday, although several houses were demolished and three persons injured when six bombs fell on a southeast coast town. A cinema also was damaged.

STREETS BLOCKED OFF
London was still recovering from the effects of Wednesday night's vicious pounding. Streets were blocked off where there were craters or danger of falling masonry. Travelling between one place and another was like going through a maze.

Workmen did not take long to remove the debris, however, and sections of streets, including Park Lane, roped off when I was going home Thursday morning, were open for traffic when I returned to the office at night.

Business is going on "as usual" wherever possible. Shops are not

MEMBER OF SUN NEWS STAFF DIES

H. A. Stein, News Editor of Vancouver Daily Newspaper, Succumbs After Short Illness

VANCOUVER, Sept. 19 (P)—H. A. "Bert" Stein, sixty-one-year-old news editor of The Vancouver Sun, died in a Vancouver hospital last night after a short illness. He had been a member of The Sun staff for twenty-five years, serving at one time as managing editor.

Among survivors are a daughter, Mrs. H. B. McDonald, Victoria; three daughters and a son, Vancouver; two brothers, Clarence, in Mission, and Harry, in London, Ont.

BORN IN ONTARIO
Born in London, Ont., in 1879, Mr. Stein turned to newspaper work in his youth, serving his apprenticeship on The London (Ont.) Free Press, and London Daily News. From 1903 to 1907 he was a staff member of The Winnipeg Tribune, on which he served as sports editor.

In 1920, after a number of years on the West Coast, he became telegraph editor of The Edmonton Bulletin, then city editor of The Border Cities Star, Windsor, Ont., the following year. The same year he returned to Vancouver. Funeral services will be held on Saturday afternoon.

RUSSIANS UNEASY OVER AXIS MOVES
Concentrations and Manoeuvres of Soviet Army and Navy Believed Due to Balkan Situation

BUDAPEST, Sept. 19 (P)—Heavy Soviet Russian military concentrations and manoeuvres in the region of Odessa, with Soviet Black Sea forces also gathering on a prepared basis, were reported today in diplomatic dispatches.

These reported developments were believed by some sources here to have been prompted by Russia's uneasiness over the Iron Guard Government in Rumania whose territory has been guaranteed by Germany, and Moscow's fears that the axis powers are planning to carry the war more directly into the Near East.

New incidents on the Russian-Rumanian frontier are reported, including the blowing up of a bridge across the River Prut at Reni.

Drama Movement Drags Interest From Far Afield
That British Columbia's Community Drama movement is attracting widespread attention was emphasized last week by the visit of Signorita Maria Luisa Hurtado Delgado, Argentina, who is travelling for the Rockefeller Foundation to collect information that will be helpful in developing amateur drama in South America.

Mrs. Delgado was particularly interested in Hon. Dr. G. M. Weir's policy of assisting the drama clubs of rural communities in remote areas, and took away with her all the pamphlets and instructional literature on this subject prepared by the Education Department.

After visiting the American Consul and Mrs. Reed-Peige Clark, Mrs. Delgado adhered to a programme arranged for her by the school and community drama branch of the Department of Education, which included a visit to the newly reconstructed Victoria Little Theatre.

MAYOR TELLS OF BUSINESS

All City Council Resolutions Pass at Union Municipal Parley

All resolutions proposed by City Council delegates to the Union of British Columbia Municipalities convention at Revelstoke, passed without discussion, Mayor Andrew McGavin announced on his return yesterday afternoon. The resolutions committee met on Monday, followed by general business on Tuesday and Wednesday.

Mayor McGavin was accompanied at the convention by Aldermen R. A. C. Dewar, S. H. Okell, Archie Wills and Duncan D. McTavish.

"The convention was attended by 138 delegates from all parts of British Columbia, the largest number for many years," Mayor McGavin stated. "The resolutions committee worked from 10 o'clock in the morning until 11 o'clock at night to deal with the many important resolutions affecting the welfare of municipalities. Revelstoke was a perfect host. All delegates listened with interest to the speeches of Hon. A. Wells Gray and E. H. Bridgman during a dinner on Tuesday night," the Mayor added.

MOTIONS PASSED
Resolutions proposed by the City Council included recommendations that local weights and measures officers be given power to institute proceedings against offenders under the Fair Weights and Measures Act, the setting of a standard measure for a unit of sawdust; power to ex-terminate rats and make a charge on property for the service of such a measure; for every municipal employee or officer, control of the number of cows, bulls, calves, goats, pigs or chickens on property; extension of school signs, and a resolution affecting Provincial Government license on municipal tax sale property.

MEMBER OF SUN NEWS STAFF DIES

H. A. Stein, News Editor of Vancouver Daily Newspaper, Succumbs After Short Illness

VANCOUVER, Sept. 19 (P)—H. A. "Bert" Stein, sixty-one-year-old news editor of The Vancouver Sun, died in a Vancouver hospital last night after a short illness. He had been a member of The Sun staff for twenty-five years, serving at one time as managing editor.

Among survivors are a daughter, Mrs. H. B. McDonald, Victoria; three daughters and a son, Vancouver; two brothers, Clarence, in Mission, and Harry, in London, Ont.

BORN IN ONTARIO
Born in London, Ont., in 1879, Mr. Stein turned to newspaper work in his youth, serving his apprenticeship on The London (Ont.) Free Press, and London Daily News. From 1903 to 1907 he was a staff member of The Winnipeg Tribune, on which he served as sports editor.

In 1920, after a number of years on the West Coast, he became telegraph editor of The Edmonton Bulletin, then city editor of The Border Cities Star, Windsor, Ont., the following year. The same year he returned to Vancouver. Funeral services will be held on Saturday afternoon.

RUSSIANS UNEASY OVER AXIS MOVES
Concentrations and Manoeuvres of Soviet Army and Navy Believed Due to Balkan Situation

BUDAPEST, Sept. 19 (P)—Heavy Soviet Russian military concentrations and manoeuvres in the region of Odessa, with Soviet Black Sea forces also gathering on a prepared basis, were reported today in diplomatic dispatches.

These reported developments were believed by some sources here to have been prompted by Russia's uneasiness over the Iron Guard Government in Rumania whose territory has been guaranteed by Germany, and Moscow's fears that the axis powers are planning to carry the war more directly into the Near East.

New incidents on the Russian-Rumanian frontier are reported, including the blowing up of a bridge across the River Prut at Reni.

Drama Movement Drags Interest From Far Afield
That British Columbia's Community Drama movement is attracting widespread attention was emphasized last week by the visit of Signorita Maria Luisa Hurtado Delgado, Argentina, who is travelling for the Rockefeller Foundation to collect information that will be helpful in developing amateur drama in South America.

Mrs. Delgado was particularly interested in Hon. Dr. G. M. Weir's policy of assisting the drama clubs of rural communities in remote areas, and took away with her all the pamphlets and instructional literature on this subject prepared by the Education Department.

After visiting the American Consul and Mrs. Reed-Peige Clark, Mrs. Delgado adhered to a programme arranged for her by the school and community drama branch of the Department of Education, which included a visit to the newly reconstructed Victoria Little Theatre.

People of London Keeping Chins Up Despite Bombings

Severe Damage Admitted, but Actually Slight When Size of Metropolis Considered—Millions of Tons of Coal in Store—Britons Want Berlin Bombed in Retaliation

LONDON, Sept. 19.—With the London blitzkrieg almost two weeks old, half a dozen significant facts are beginning to stand out: 1. The people of London have their chins up and are just as determined as ever to take everything the Luftwaffe can toss their way without flinching.

2. There has been severe damage in some parts of London, particularly in the east and southeast, but it is actually slight when the size of the vast, sprawling metropolis is taken into consideration.

3. Damage to the war industry of the nation is negligible and production of aircraft has actually increased during the fortnight. The same is true of the air defences of the nation, which, relatively speaking, have not been touched.

4. There has been some damage to food stocks but it is estimated to represent no more than one meal for the whole nation. A large percentage of this damage was done in the London dock area.

PLENTY OF COAL

5. Transportation in many parts of London has been interrupted, but this has been more of an inconvenience to the general public than anything else. You can still travel anywhere in London but it takes longer and there are more delays and transfers involved. The blitzkrieg has not prevented 22,000,000 tons of coal being stored throughout the country as a reserve to meet the demands of industry, public utilities and domestic users in the winter.

6. The civil defence forces of London and industrial districts have done remarkable work not only in fighting fires and rendering first aid, but in repairing streets, water mains and gas mains and restoring factories to their full productive capacity in the shortest possible time.

WANT BERLIN RAIDED

I talked with many Londoners last night and today and found a growing demand among the public for retaliatory raids on Berlin.

"Let's give Berlin a dose of the medicine the Japs are giving us," I was told by a man married less than three weeks whose new home had been demolished earlier in the week.

In face of this growing demand to bomb the capital of the Reich as London has been bombed, the Government continues to base its general bombing policy on military considerations. The fact that few raids have been made on Berlin and that they have been confined to military targets is because the British Government considers it better strategy to concentrate the bombing fleet on Hitler's invasion armada as long as it threatens this country.

To realists like Prime Minister Churchill it is better tactics for Britain and a speedier and surer method of winning the war to disrupt Hitler's invasion plans than to level a few homes and buildings and blow up a few streets in Berlin.

LEAVE VOLUNTARILY

At present the Government has no intention of compelling the evacuation of sections of London. Thousands of people moved away from some of the worst bombed parts of the crowded East End but they went voluntarily. If the blitzkrieg continues indefinitely and if London gets a steady pounding, it may be necessary to force people to leave the city, but there has been no indication of this so far.

The Government has started expropriating homes away from the

danger areas as temporary accommodation for people whose houses have been demolished. In addition communal feeding centres have been established.

The Government has established a special committee to inquire into public health as a result of the bombings. It will pay particular attention to the results of people crowding into raid shelters each night, but also will study such subjects as the heating of shelters, installation of amenities and dangers likely to arise from punctured sewers.

NAZI CAPTURED BY CANADIANS

German in Parachute Lands Close to Party from Quebec Regiment

SOMEWHERE IN ENGLAND, Sept. 19 (CP).—A German airman who bailed out from his disabled fighter figuratively fell into the lap of Major I. Ibbotson, of Montreal, while he was on road reconnaissance in Southeastern England.

The major accompanied by Major F. S. Molson and Pte. M. S. Bythe, members of the same Quebec Regiment, administered first aid to the wounded Nazi and then sent him under guard to the nearest hospital. It was the first enemy captive for the Canadian 2nd Division.

The incident occurred during a dogfight.

FAILS FROM SKIES

"We heard the rattle of machine guns and the whine of a diving plane high above the clouds," Major Ibbotson said. "Suddenly the German machine began falling from the skies like a flaming meteor."

The Canadian saw a parachute floating down towards them and stopped their car. The German landed a few feet from them, slumped among the weeds as if dead. British bullets had ripped away part of his jaw and ridged his arms and legs. But he was able to nod his head and mumble "thanks" after the Canadians dressed his wounds.

PARACHUTE FAILS

As the party motored away another Nazi airman whose parachute had failed to open plummeted to his death in a nearby field. Several German aviators brought down in the sector manned by the Canadian 1st Division have been brought in for interrogation at divisional headquarters.

A casualty clearing station from Alberta found a wounded airman who had landed a few yards from the crowded East End but they went voluntarily. If the blitzkrieg continues indefinitely and if London gets a steady pounding, it may be necessary to force people to leave the city, but there has been no indication of this so far.

The Government has started expropriating homes away from the

Ladysmith Annual Fair Better in Most Sections

LADYSMITH, Sept. 19.—Ladysmith annual two-day Agricultural Fall Show reached new successes in many respects this year, and in others failed to make the average display of recent years.

The fair opened Wednesday, and there was a good attendance towards late evening.

The notable feature of this year's event was an exhibit and demonstration of homecraft weaving, capably explained by girls from the Cedar Centre and sponsored by the Dominion-Provincial youth training organization. This attracted a great deal of attention, and the exhibit of locally-produced wools dyed by local vegetable and fruit extracts provoked many inquiries. Oregon grape, salal, bracken, cherry and parsley were among the materials quoted that produced a pleasing variety of pastel shades difficult to describe in terms of the basic colors or blends.

WOMEN'S SECTION

The women's section generally was exceptionally fine, contrasted with the moderate efforts of previous years. This was particularly noticeable in domestic arts and crafts.

Photography had an excellent section. Brush work in oils and water colors surpassed the usual display in range, but showed a lack of strictly local interest. In this section two examples of polished maple burl, one as a table top and the other as a color background were very interesting.

The display of flowers was brilliant, although the peculiarity of the season was reflected in the lack of the usual abundance of gladioli, Zinnias and dahlias were predominant, together with the attractive showings of anemones, daisies and other cut flowers.

A long dry season showed its effects in the fruit and vegetable displays, where the sections were decidedly smaller than usual. Quality, however, had not suffered, and the exhibitors in close competition with each other, maintained the reputation of high standards they have consistently set.

POULTRY DISPLAYS

The poultry section was smaller this year, but the leading classes

were well represented. Frank Hunter, winner of the Grassack Cup for his entries in the Rhode Island Red classes. The boys' Bantam section found many of the backyard pets behind the show pens for the occasion.

Don Wilson, consistent exhibitor and winner, was awarded the Bank of Commerce Cup for fruits and vegetables, and the Walkem Cup as high marksman in points in senior competition.

Tom Housen took the Forward Cup for flowers.

North Oyster exhibit of the produce of farm, garden and orchard was an outstanding accomplishment.

PILOTS FROM U.S. JOINING

Over 100 Airmen Have Already Enrolled With R.C.A.F.

OTTAWA, Sept. 19 (CP).—During the last two months, Air Minister C. G. Power said today, 107 United States pilots, instructors and air crew men have joined the Royal Canadian Air Force. Sixty-five more are waiting to join or are on their way to enlist, according to information reaching the minister.

Altogether, he said, about 150 United States pilots are in the R.C.A.F., each of these men by virtue of previous flying experience, saved the force about \$25,000 in training expenses.

Asked whether there was any prospect of the formation of an American squadron in the R.C.A.F., as being done in the Royal Air Force, Major Power said the question had not been considered.

"The Americans," he added, "are perfectly content to serve with us."

SCHOOL SELECTS HOUSE CAPTAINS

An election held by the matriculation students at the Victoria High School, resulted in the following being selected as house captains: House 1—Betty Carlow and David Crockett. House 2—Netta Hunter and Michael Jennings. House 3—Alma Makolm and Jim McKeachie. House 4—Brenda Woodward and Alan Roper.

Prefects for the school year include: Barbara Smith, Brenda Woodward, Edna Ford, Sylvia Sheldrick, Margaret Melly, Esther Aaronson, Margaret Wood, Elinor Thomas, Jean Saville, Betty Carlow, Dora Gale, Donald McLeod, David Yuen, Sam Gagliardi, Alan Roper, Pierre Destrube, Robin Wood, Alvin Jones, Leonard Nard and Tom Naylor.

GOVERNMENT BACKS LOAN

Hon. John Hart Appeals for Final Effort to Complete Federal Issue

Hon. John Hart, Minister of Finance in the Provincial Government, made a special appeal yesterday for widespread contribution to Canada's second war loan. Returning from a 2,000-mile tour of Government agencies throughout the province made in the last two weeks, Mr. Hart said, in part:

"We thrill at the recital of exploits by the Royal Canadian Air Force as they take their part in the Battle of Britain by hurling back the German marauders. We read of the courage, heroism and indomitable spirit of our Canadian naval forces as they convoy ships, rescue survivors and take up their stations with the British fleet. We also hear stories of how units of our Canadian Active Service Forces take up their posts in the island fortress, steeling themselves against the threat of invasion.

ON HOME FRONT

"To us at home is presented a task which is less spectacular, calls for far less sacrifice, but which is nevertheless, just as important in the cause for which we all fight. If our navy, army and air force are to continue to play an increasingly important part in the fight for freedom, against the tyranny of Nazism and Fascism, then they must be properly equipped and trained in every respect.

"Because of this urgency, the Dominion Government has found it necessary to float a second war loan, this time for \$300,000,000, with which to finance, partially, our country's war effort. The public response to the loan has been splendid, and the objective is nearly in sight. Just a little more effort on our part is required to put the loan over the top.

CAN PLAY VITAL PART

"In this respect, Victoria, and the Province of British Columbia generally, can play a vital part in the national campaign. The savings of persons and corporations are asked to be diverted to Canada's national need. Public lending of this nature will bring the war to an early and victorious conclusion for Great Britain and her Allies, and at the same time the people will be increasing the earnings of their savings.

"I would, therefore, urge the people of this province to invest their funds in that effort which will secure democratic freedom and safeguard our land and our resources, to lend their dollars so that they may purchase equipment with which to fight for those things which all freeborn people cherish. Full support of Canada's war loan means ultimate freedom and safety from the dangers of tyranny," Mr. Hart said, in conclusion.

LAST RITES FOR Mrs. T. W. Walker

Strictly private funeral services will be held this afternoon for Mrs. Marie Siocumb Walker, 3610 Cadboro Bay Road, who passed away Wednesday after a very short illness at the Royal Jubilee Hospital.

Rev. Dr. W. G. Wilson will officiate and cremation will take place at the Royal Oak Crematorium, S. J. Curry & Son have charge of arrangements. It is requested that no flowers be sent.

Scottish Groups To Hold Concert

Highland dances will be a feature of the Highland concert, to be held in the Chamber of Commerce hall tonight, as means toward raising funds for the United Scottish War Effort.

The following pupils of Mrs. Adeline Grant, Duncan, will take part in the dances: Misses E. Watson, D. Dewar, H. Finlayson, J. Pollock, G. Moore, J. Auchinclov, H. Burgess, B. Cameron and M. McAllister.

Canada Needs Every Available Man for Defence of Nation

Minister of National War Services Declares That Canada Is In Danger, and Men Must Be Trained to Defend the Country

OTTAWA, Sept. 19 (CP)—Even though Britain is successfully holding out against the common foe, there is "every reason to believe that Canada is in danger, and each man must be trained and prepared to defend this country," Hon. J. G. Gardiner, Minister of National War Services, said tonight.

The compulsory military training plan, under which single young men will be given thirty days' training is set up to do that, he told the national assembly, speaking over the national network of the Canadian Broadcasting Corporation.

"The quickest way to establish a nucleus of persons in every community who know what to do in case of attack is to start this training plan by taking young men from every community, have them training and send them back to their previous employment to form that nucleus," Mr. Gardiner said. "The training camps will open October 9."

DETAILS OF CALL
The minister outlined in simple detail the way in which men were to be called, medically examined and, if fit, called up for their camp training period.

Canada was engaged in what appeared to be a long and hard war, the minister said, a war of nations, not only armies, of one people against another.

"Germany and Italy have set the pace in this regard and there is nothing for us to do but to accept and meet the challenge by devoting all our united efforts to win peace through victory," he said. "If any added proof were needed that Canada was prepared to go 'all out' to win victory, it was to be found in the way all parts of the country responded to national registration."

"Canada must make sure that Great Britain shall win. Canada must be certain that no invader can set foot on Canadian soil and remain alive."

CANADA'S POSITION
"Without going into details as to how, I think everyone will now agree that Canada could be attacked from Europe. As long as the British navy holds the seas, there is only one way we could be attacked and that is from the air. If we are ever attacked from the air, the flyers can come either from Asia to the northwest, from Europe over the north pole or from Europe over the Atlantic."

"A few months ago it would have been comparatively easy for lone bombers to arrive in Canada and destroy valuable plants and storages. Today that would not be so easy, but it is still possible. We must make it more and more difficult."

Out of the training camps would come young men anxious to defend their home and the Mother Country by returning to their jobs providing supplies, prepared for the call to action should direct attack be made on Canada."

More important was the fact that Canada's many nationalities would learn to know one another better through contact in camp, "to better understand the worth of individual freedom and the importance of agreement upon our objective and united action to attain it."

LINE OF DEFENCE
Still more important immediately was that out of these camps would come many young men "who know that Canada's front line of defence is in Britain and will eventually be back on the Continent."

"When these young men have completed their part in providing the equipment necessary to a mobile effective mechanized army and the training of others to take their places, they will be found guiding and maintaining their machines in the front line of attack."

Outlining the operation of his department in calling men for military training, Mr. Gardiner said the first step had already been taken by registrars of the thirteen administrative divisions into which the country was divided. Individual notices of call to appear for medical examination had gone out by registered post to each man concerned. Any doctor in good standing was authorized to make the examination and the young men called were allowed three days in which to be examined.

JOBS ASSURED
The minister emphasized that the jobs of those found physically fit and then called for actual training would be kept for them, the regula-

tions providing stiff penalties for employers who failed to comply.

Mr. Gardiner reiterated that it was not the intention to excuse anyone from training who was fit. In some cases postponement might be allowed, but the training had to be taken within twelve months of call.

Students enrolled at universities giving compulsory military training would be permitted to attend and take half their training at the university. Those attending other universities might apply for postponement to a period outside the university year.

Workers in occupations of a seasonal character and in vital war industries could also apply for postponements. Provision was also made for conscientious objectors belonging to certain religious groups. They might apply to their divisional board for consideration.

Rent Controller To Be Appointed

OTTAWA, Sept. 19 (CP)—A Dominion-wide programme of rent control and appointment of an administrator with absolute powers will be announced "within a week," Hector B. McKinnon, chairman of the War-time Prices and Trade Board, said today.

"A scheme of rent control is being worked out applicable to all parts of Canada," Mr. McKinnon added. He said the board had not yet found a man for the post of rent control administrator.

CHAPTER XXVII

"Norman, in New York you said that if you kissed any girl this summer I'd be a fool."

"Why play with dynamite when we've been having fun, Edwina? We haven't needed that to stimulate us."

"I'm a girl who's in love with you and to a girl in love the fun we've had, the companionship—though it's been wonderful isn't it—quite enough, darling."

He stood there, frowning. "You love me, Edwina? Forgive me. I didn't know it. I swear I didn't know it!"

Hating the life and afraid that she would cry out her plight to him, she swallowed hard and said, "Only once before have I been as honest as this. It isn't good technique, I know. A man still likes to be the hunter. You can't have any illusions about me. You've heard too much about me."

"On the contrary," he said seriously. "I've a lot of very well-founded illusions about you. You're the first real friend of your sex I've ever had. I value my friendships with men, men like Dick, for instance, but the friendship of a girl, of you, has been one of the most stimulating things that's ever happened to me. We've had fun. We've been honest. We've been whole-some. I don't care what you've done or what anyone has said or is saying about you. I know you. I might have played with him then and love with you and made love to you, but I thought we had something much better. Again, forgive me. I knew you liked me but I thought I was sort of a time-killer for you. Thanking your summer."

"A time-killer? Merciful heaven! He went on, concerned and serious. "I thought we were pretty sophisticated people. Edwina, if I've done or said anything to make you believe I've thought of you as anything more than a well-meaning, I'm sorry. That's a thin veil for a man, isn't it? Just to say he's sorry. I didn't know. I swear I didn't know that you were in love with me."

She clutched at a straw. "Don't you ever intend to marry?" She walked away from him then and with her back to him she said, "I guess I'm not sophisticated. Love makes sophistication drop from you like an old ragged garment. I've thought of you, the kind of wife I'd like to be to you. The life we could have together. I've thought that our companionship was the finest foundation possible."

"I—I was mad for a time; did mad, crazy things, because I was young and hurt and defiant and rich, and because I thought I could get away with it. I never want to go back to that sort of thing. I'm heartily sick of it. This part of it was true, she thought, so true. "I'm behaving badly and this is very embarrassing to you, Norman. I leave you nothing to say except 'sorry' for you can't be in love with me."

"I wish I were I wish I were married? I don't know when the summer is over, maybe before it's over? I'm going back and take up where I left off. To me marriage has always been like the proverbial pot of gold at the end of the rainbow, something wonderful to hope for and win."

He went to her and put his hands on her shoulders. "Edwina, you flatter me more than I deserve. You make me feel that I don't recognize the pot of gold when it's being offered to me. Some people don't know when I'm serious and when I'm kidding. I've never been more

leading a heart to dummy and finding a heart to West's ten spot.

Let us see what would have happened had East played the deuce on the heart queen. Undoubtedly declarer would have shifted to a diamond, and deferred the heart queen until later. West would have won when declarer finessed; he would total only eleven. The twelfth trick could be obtained from North's other place than hearts. How, then, would the declarer guess the heart situation?

If East had started with the king and two small, no play whatever would shut out the defender from a heart trick. East would cover the jack and establish West's 10, or play low to a small card and force the ace from declarer. If East had started with the king and three small, West would have had the 10 singly guarded, and that combination would require the play of dummy's jack at the second round. Obviously, no play would work against the king-10 and one or two small cards in East's hand. How, then, would the declarer have decided to play the hearts? That never will be known, but it can be said that East's play took all the guessing out of the situation.

GREATER VICTORIA TEACHERS CONVENT

An executive meeting of the Greater Victoria Teacher Association was held on Monday evening at the home of the president, Mr. G. H. E. Green. During the meeting the president emphasized the necessity for the fullest co-operation and active support by all members at a time when the entire country is faced with difficult and trying times.

Plans were made for the first general meeting on October 18, in the form of a rally dinner meeting, for which some sort of inspirational programme is planned. Miss B. Alward, of Victoria High School, was appointed membership secretary to take the place of Mr. T. F. Horne, who has left the profession to take up work in the military service. Miss Hay was appointed convener of the library committee, and a salary adjustment committee consisting of Miss M. Hamilton, William McMichael and G. H. E. Green, was also named.

LOCAL MEN GET DRAFT NOTICES

Young Victorians Instructed to Undergo Medical Examination

Some 300 Victoria young men have now received notices of the first draft of twenty-one-year-olds for military training. They are among the 3,000 notified in British Columbia, and will take a medical examination within three days and be ready to report to camp for training about October 9, if accepted.

The local men called up will go into camp at the new training centre at Gordon Head, where construction is now being rushed to completion. The camp will take men from all over Vancouver Island, as well as from the mainland.

The draft notice says: "You have been called out to undergo military training and, in accordance with the National War Services Regulations, 1940 (Recruits), are hereby notified to present yourself for medical examination within three clear days to any one of the nearest duly appointed physicians in this administration. If you are found fit you will be notified to report for military training at a time and place which will be indicated to you."

Under the mobilization scheme, all doctors have been given official status as examiners, so that men will be able to go to their own doctors. It has not been announced which categories will be called, since this depends on the classification of medical reports and the number of men required. The first call will probably go to about 2,000 men in British Columbia.

Suspends Sentence

Frank MacDonald pleaded guilty in County Court yesterday to a charge of taking a car without the owner's consent in Esquimalt on July 27. On behalf of the Crown, Herbert W. Davey entered a stay of proceedings on another charge of stealing the machine. Joseph McKenna represented the accused. Judge J. H. Shandley released MacDonald on three months' suspended sentence and ordered him to post a bond of \$50.

TO ORGANIZE AIR CADETS

Corps in Various Cities Is To Be Similar to Navy League Organization

OTTAWA, Sept. 18 (CP)—Canada is establishing an Air Cadet Corps, Air Minister C. G. Power said at a press conference today. The minister said pressure from various sources resulted in his department deciding to organize a corps along the same lines as the Army Cadet Corps in the schools.

The organization will be sponsored by a voluntary civilian organization to be known as the Air Cadet League of Canada.

Major Power said also the Royal Canadian Air Force will set up its own medical corps, probably largely composed of army medical men already working for the Air Force.

The Air Minister informed reporters that the new medical corps will be known as the Royal Canadian Air Force Medical Corps, and will have its own nursing and orderly service.

"We feel that our problems are so specialized, problems of air pressure and the heart, that we would do better to have our own medical corps," he said.

No additional expense will be involved in the organization of the corps, he said, although some adjustments will have to be made with respect to the pay of officers transferring, since there are variations between Air Force and Army pay.

The civilian organization back of the proposed Air Cadet Corps will, the minister said, be somewhat along the lines of the Navy League. Its object would be of interest to boys of fifteen to sixteen years in the R.C.A.F. The Air Ministry will lend what support it can by way of lecturers and instructors.

FIRST BRANCH ESTABLISHED

The minister said the first branch of the Air Cadet Corps is already established in Westmont, Que., where the first president is G. B. Foster. Toronto men have expressed interest in the plan, and Vancouver people are anxious to revive an organization of the same type which has been inactive for some time.

The minister said it would be time to call a general meeting to discuss organization and programme after branches of the Air Cadet Corps have come into being in various cities.

Air Vice-Marshal W. A. Bishop has consented to be the first honorary president of the league, and Major Power said he assumed training would be carried on through public schools. Asked whether air cadets would be given preference if they sought to join the R.C.A.F., he said there had been some suggestion that this be done.

The minister gave the present strength of the R.C.A.F. as 26,500, of whom 16,600 are under the training plan.

DISCUSSION OF UNION ASSURED

Lord Privy Seal Promises Debate if Tie-Up With U.S. Proposed

LONDON, Sept. 19 (CP).—Clement Attlee, Lord Privy Seal, assured the House of Commons today that the members will have opportunity for the fullest discussion "before any union of the kind proposed to France is put forward in regard to the United States."

Mr. Churchill is prepared to give such assurance of discussion "if ever such a far-reaching scheme were put forward," Mr. Attlee said.

On other questions relating to the United States, Sir John Anderson,

Home Secretary, said he agreed "a liberal policy should be followed and steps have been taken at this end" to relax alien restrictions in the case of United States citizens "engaged in commerce or in any way assisting the Allied cause."

FAITH GOING HOME

Sir John also announced that Sir George Paish's visit to the United States was "not sponsored by His Majesty's Government, and in view of his recent reported indiscretions he had been advised by Lord Latham to return to this country."

"The economical was discussed last August 26 by Senator Burdett Wheeler with attempting to get the United States into the war."

After the questions, the House went into a secret session.

An official report said: "The House went into secret session and debate on the aerial bombardment of the country was continued. Members raised points in connection with transport and other subjects and the Minister of Transport (Sir John Reith) made a statement."

City and District

Council Meeting—A general meeting of the City Council will be held at 1:30 o'clock this afternoon. Mayor Andrew McGavin announced.

Park Area Reserved—The Provincial Government set aside forty acres of land in the Kamloops land district yesterday as a park for the recreation of the public.

Licenses Transferred—Eight retail gasoline sales licenses were transferred by the Provincial Fuel Board yesterday to new holders, with the assent of the Province.

Cadet Plans—George H. Deans, municipal inspector, stated yesterday that the school board had under advisement plans for full-scale cadet training in the city.

In Trouble—A boy, aged fifteen years, from Tacoma was taken to the home of relatives yesterday afternoon by Constable Peter Atkinson, juvenile officer, after having been caught shoplifting in a Douglas Street store.

Fall Assizes—Selection of a panel of jurymen for the Fall Assizes will take place under direction of Sheriff H. W. Goggin in the Courthouse at 10 o'clock Tuesday morning. The assizes will open at 11 o'clock on the morning of October 8.

Roof Fire—The Spanish fire department answered a call at 4:09 p.m. yesterday to Torquay Drive.

when the residence of E. W. Burkinshaw suffered slight damage from a veranda and roof fire. The fire was quickly extinguished.

House Entered—A burglar who gained entry to the home of W. Penwick at 924 Queens Avenue by smashing a basement window stole a flashlight. The sum of \$21 was stolen from a home on Quadra Street.

Windows Broken—Six windows were reported broken at South Park School yesterday. Mrs. A. Halsey, 2515 Rose Street, told police two of her windows had been smashed by air gun pellets. H. P. Parker, 1161 Balmoral Road, reported two windows broken at his home.

Eight Fined—Five motorists were each fined \$250 in the city police court yesterday for various infractions of parking regulations. Another was fined \$10 for exceeding the speed limit. Two each paid fines of \$10 for speeding past school zones.

No Meeting—Five aldermen turned up at 9:30 o'clock yesterday morning at a meeting in the City Hall to discuss proposed amendments to the zoning by-law affecting the conversion of single family dwellings into apartment buildings. M. F. Hunter, city clerk, declared the meeting adjourned because a quorum had not been attained.

Motorists Fined—Three motorists were fined \$10 plus \$250 costs, each, in the Provincial Police court Wednesday afternoon for driving through stop signs. Another was fined \$5 and \$250 costs for not having his driver's licence and the case against another of being in charge of a car while intoxicated was adjourned until next Wednesday.

Cars Prowled—W. A. Willis, Cliffside P.O., informed police yesterday that a radiator cap and the glass, globe and reflector of a headlight had been stolen from his car on Meares Street. P. Colclough, Equilmait, told police that a glass filter had been smashed on his car and the gasoline tank emptied when it was left parked on View Street.

Plans Approved—Plans and specifications of W. H. Muncey to convert 3018 Blackwood Street into a two-family dwelling were conditionally approved by the zoning board of appeal during a meeting in the City Hall committee room yesterday afternoon. Further discussion on an appeal of Gainsboro Apartments, Ltd., to convert 906 St. Charles

Street into an apartment building will be heard today.

Ratepayers to Meet—This evening officers for the ensuing year will be elected at a meeting of the Ward Five Cordova Bay Ratepayers' Association in McMoran's Pavilion at 8 o'clock. All ratepayers and residents of the district and ward generally are invited to attend in order to formulate plans for winter activities and the advancement of the ward.

Tax Penalties—Current tax accounts remaining unpaid on October 2 will be assessed a penalty of 1 per cent, according to the city assessor and collector. Sixty-one per cent of the current tax levy has been collected. In addition to the 1 per cent penalty on October 1, a further amount of 1 per cent will be added on November 2, with 1 per cent on November 16 and 3 per cent on December 3, a total of 6 per cent.

Pleads Guilty—George Magill, a soldier, pleaded guilty in the city police court to a charge of stealing a car from Robert F. Sales on September 17. He was remanded until this morning for sentence. Claude L. Harrison, city prosecutor, stated the car had been taken near Four-Mile Hill. Character evidence for the accused was given by Lieut. Douglas F. Morris, 2nd Battalion, Canadian Scottish Regiment.

Receives Year—For causing grievous bodily harm to his daughter, Helen, by burning her right index finger with a match, William P. Hutchison was sentenced to serve one year in prison at hard labor by Magistrate Henry C. Hall in the city police court. The court commented: "You know the act committed by you was brutal, and I am not prepared to accept your explanation. I must impose a substantial penalty."

Prison Term—For retaining possession of three stolen sweater coats over the value of \$25, William Murray was sentenced to serve twelve months in prison at hard labor by Magistrate Henry C. Hall in the city police court yesterday. Murray also received a concurrent sentence of six months in prison for stealing five pairs of gloves. Forty previous convictions were listed against the accused.

San Model of Island—In a letter just received here from Miss Emma Giolma, Toronto, daughter of Mr. and Mrs. Frank Giolma, she refers to the great interest taken by Toronto Fair visitors in a clever detail model of Vancouver Island. "I was thrilled," she writes, "to find in one of the Toronto Exhibition buildings, in which were scenes of the different provinces a model of Vancouver Island, showing Equilmait, Inner Harbor, Parliament Buildings,

the Empress Hotel, Crystal Garden, Marine Drive, etc., with miniature boats, street cars, motors, all quite clearly shown, and last, but not least, Beacon Hill, with the flag flying on top." She adds that "the people stood round enraptured with the set-up."

Attend Up-Island Fall Exhibition

J. V. Johnson, vice-president of the Victoria Chamber of Commerce, and G. Hamilton Harman, one of the directors, attended the Fall fair of the Ladysmith-Agricultural Association yesterday.

Mr. Johnson reports that the exhibits were well displayed and consisted of flowers, vegetables, Indian work, ladies' fancywork and home cooking.

Mayor W. W. Walkem, of Ladysmith, in welcoming the visitors, stated he was very pleased to see present representatives of the Victoria Chamber of Commerce. It was the first occasion on which that organization was represented.

THEFT OF EXPLOSIVES

BERLIN, N.Y., Sept. 19 (AP).—State police are investigating theft of 135 sticks of dynamite and 100 blasting caps from two magazines of the town of Berlin. The town was using the explosives for blasting in constructing a road. The theft was discovered last Monday by John Jorgensen, assistant foreman on the construction job.

LINERS DAMAGED

NEW YORK, Sept. 19 (AP).—The British liners Georgic, 27,759 tons, and Franconia, 20,175 tons, have been severely damaged by German aerial bombs, maritime authorities said today. The Cunard ships, used as troopships and supply vessels during the Norwegian campaign, are now undergoing repairs.

LIFE EXCITING FOR PRIESTLEY

Noted Novelist Has Second Escape From Bombs in Three Days

LONDON, Sept. 19 (CP).—There's never a dull moment in the life of J. B. Priestley these days as German bombing raids on London continue.

The noted British novelist told tonight of a second escape he has had within the last three days speaking on the British Broadcasting Corporation's broadcast feature "Britain Speaks."

Priestley, who said he has been sleeping in his clothes since he lost all his other belongings in the bombing of his hotel, was invited to dinner at a friend's house in Mayfair.

The biggest appeal of the invitation, he said, was that he was going to sleep in a bed.

ADJOURN TO SHELTER While air raid sirens shrilled outside, they had dinner—in the dining-room, despite the air raid things got "pretty noisy" outside, however, so they decided to have coffee in the house's shelter.

Shortly after they reached the shelter, a message came that the house had been struck by an incendiary bomb and the roof was on fire.

"We left the shelter and went into the street, where several other fires were burning. While I was standing there I heard something like a little locomotive rushing at me."

DOESN'T WAIT TO SIE

"In three jumps I was back into the house, expecting every moment to hear an explosion. But there was no noise. I do not know whether it was a dud or time bomb. I do not know where it went."

Meanwhile, firemen extinguished the blaze.

Priestley spent the rest of the night in the shelter, but not in the bed he so fondly dreamed of. He had given it up to another guest of his friend while he slept on a makeshift bed on the floor.

PERSONAL ITEMS and SOCIAL HAPPENINGS

Here as Child
In Seventies;
Is Returning

Mrs. A. J. Miner, a native of St. Mary's, Yuba County, California, who first saw Victoria seventy years ago as a small child, when she accompanied her parents on their way from the South to the Cariboo to take up cattle ranching at 122 Mile House, near Lac la Huche, will return here in a few days, after many years' absence, to take up residence with a daughter, Mrs. James McRae.

Mrs. Miner is the daughter of Mr. and Mrs. Thomas P. Walters, Ontario pioneers, who came to the Pacific Coast in search of gold. They came north from California by ship to Victoria, then to New Westminster, on their way to the Cariboo, where Mr. Walters and two brothers engaged in cattle ranching for five years. Mrs. Miner, who is at present visiting friends in New Westminster, does not remember anything about the trip north from California seventy years ago, but she does remember the journey out from the Cariboo when she was seven, traveling by stage over the famous highway, thence by boat to New

Westminster, Victoria, and back to San Francisco.

One of her most vivid remembrances of the roaring days of the gold rush in the Cariboo is that a band of Indians lured her and her young brother to their camp, where they were discovered by a Hudson's Bay Company employee. She remembers being told about the high cost of provisions at that time: butter \$1 a pound, eggs \$1 a dozen, apples \$1 a dozen.

Mr. Miner, whom she married in Ontario and with whom she pioneered in North Dakota and Saskatchewan, died six years ago. Surviving children include Mrs. James McRae, with whom she is to stay in Victoria, William J. Miner, in the C.A.S.F., Kingston, Ont.; Harry Miner, Saskatoon; Mrs. Minnie Thompson and Mrs. Bert Cook, Vancouver, and Mrs. Clara Clark, well, Assiniboia.

Clubs-Societies

Venture Club

The regular meeting of the Victoria Venture Club was held on Wednesday evening in the Sealand Building, with Mrs. Ruth Whitehead, president, in the chair. Miss Janet Graham acted as secretary in the absence of Miss Hazel Mackenzie. Mrs. S. Clarke, the club convener, reported to the girls on the recent Soroptimist Club garden party, which netted the handsome sum of \$489.50. The activities of the Summer were reported, among them being a visit to the Solarium, assisting the Soroptimists at their garden party and also the Jubilee Hospital tag day. It was decided to hold a rummage sale in October and also a telephone bridge, to raise money towards buying equipment for the Solarium, the club's objective. Dates will be announced later. Arrangements were made for a picnic party, to be held at the Crystal Garden on Thursday, September 26. It was announced that Mr. Douglas Plintoff will be the guest speaker at the next meeting on October 2, and he will show his motion pictures of the Solarium. It is requested that all members attend.

Fairfield W.M.S.

A rally luncheon was held yesterday in the schoolroom by the Fairfield United Church W.M.S. Mrs. G. G. Green, the president, welcoming the guests. The tables were attractively decorated with autumn flowers, the social arrangements for the luncheon, being in charge of Miss Edith Hopkins. Mrs. W. H. Muncy and Mrs. W. D. Weddings

SANDERSON—OWEN

DUNCAN, Sept. 19.—At Duncan United Church last night, Rev. W. F. Burns united in marriage Miss Mabel Owen, second daughter of Mrs. Owen, Duncan, and the late J. Owen, and Mr. George Sanderson, elder son of Mr. and Mrs. Robert Sanderson. The church was attractively decorated by friends of the bride, under the direction of Mrs. J. J. Sealey. Quantities of daisies, given by Mr. W. F. Burns, being effectively used. The service was choral, the hymn "O Perfect Love" being sung, and during the signing of the register, Mrs. Horace Britton sang "All Joy Be Thine."

The bride was lovely in her wedding gown of white satin, with white netting, conventional veil fastened with orange blossoms, and brilliant bouquet of white carnations and Ophelia roses. She was given away by Mr. J. Gilman. Attending were her two sisters, Misses Owen and Dorothy Owen, who wore floor-length frocks of tropical blue velvet, quilted jackets and matching turbans. Their bouquets were of baby royal dahlias and "Talisman" roses. The best man was Mr. Robert Sanderson, Jr., and the ushers, Mr. Harvey Lowe and Mr. Robert McEwan. Members of the 1st Cowichan Battalion, of which the bride was "Brown Owl," formed a guard of honor at the church. After a short honeymoon, Mr. and Mrs. Sanderson will make their

home on St. Julian Street, Duncan. For traveling, Mrs. Sanderson wore a becoming dusty pink velvet dress, soldier blue coat, and navy accessories.

MUNRO—BATCHLOR

A quiet wedding took place on Saturday afternoon, September 14, at "Woodville," the home of Rev. Dr. J. B. Rowell, who united in marriage Miss Margaret Bernice Munro, second daughter of Mr. and Mrs. R. R. Munro, Delisle, Sask., and Thomas F. Batchelor, 1st Battalion, Canadian Scottish Regiment, Victoria. The bride was becomingly dressed in a street-length frock of forget-me-not blue silk crepe, with white accessories and hat to match. The couple will reside in Victoria.

GENGE—EASTON

The marriage of Marguerite Hazel, youngest daughter of Mr. James Easton, Highway, Sask., and the late Mrs. Easton, and Mr. John LeRoy Genge, only son of Mr. and Mrs. J. Genge, Cumberland, V.I., took place in the vestry of First United Church at 7:30 o'clock last evening. Rev. Hugh A. McLeod officiating in the presence of immediate relatives. The bride wore a dusky rose dress with wine accessories and a corsage bouquet of pink roses and swansonia, and was attended by Miss Eleanor Peatt in a black accessories and a corsage bouquet of pink carnations. Mr. Bert Simpson was best man.

The wedding party was entertained by the bride's brother-in-law and sister, Mr. and Mrs. W. J. Simpson, 215 Henry Street, and supper was served at a table centred with the bride's cake and decorated with vases of sweet peas and white candles. After a honeymoon Up-Island, Mr. and Mrs. Genge will make their home at Mill Bay. Mrs. Thomas Parkins, Vancouver, was a guest at the wedding.

Gifts in Rolling Pin

Miss Elinor Aaronson, a bride-to-be of next week, was honored last evening when her aunt, Mrs. R. W. Knowles, entertained at a kitchen shower at her home, 1131 Oscar Street. The rooms were prettily decorated with fall flowers and the supper table, from which a buffet supper was served at the close of the evening, was covered with a Madeira cloth and centered with a graceful arrangement of mauve and white scabiosa and goldenrod in a silver basket, lighted by pink tapers in silver holders. Mrs. B. H. Aaronson and Mrs. L. B. Adams presided. The many gifts for her new kitchen were presented to the bride-to-be in a giant rolling pin covered with pink and white crepe paper. Games were enjoyed and prizes were awarded the winners. The guests were Mesdames B. H. Aaronson, L. B. Adams, R. A. Sempie, F. B. Shore, H. A. Nuthall, H. J. Malek, J. C. Wilson, G. Morley, J. Owen, E. J. Harris, Waldo Skillings, C. Griffin, H. Lohr, S. Waugh and Misses Doreen Owens and D. Adams.

Are You Suffering From Nerve Strain?

People suffering from loss of appetite and nervous condition due to nerve strain often need a nerve food and general tonic. Glycerol-Lecithin with Vitamin B (1) helps rebuild nerve tissue. It is especially beneficial for convalescents. By increasing the supply of Vitamin B (1) in the system, appetite is improved and the system built up to normal. \$1.00 at all Cunningham's Drug Stores and other drug stores. (Adv.)

BRITAIN HITS HARD AT COASTAL PORTS

Continued from Page 1

son," the Air Ministry news service said tonight. "It seemed to come from a ship moored alongside or from a large warship on the quay-side."

"A great fire could be seen by bomber crews fifty miles away. At 11 p.m. fires were raging in many parts of the harbor and a large ship alongside the quay was burning fiercely."

"A 7,000-ton ship about a mile north of Honfleur—some seven miles from Le Havre—also was well alight."

The R.A.F.'s heaviest bombers were sent against Le Havre. In relay after relay.

Other ports were raided, from Cherbourg, France to Flushing, The Netherlands, including Dieppe, Boulogne, Calais, Dunkerque, Zeebrugge, Ostend and Antwerp.

The pilots who bombed Calais said they left a long line of fires. An electric power house was believed struck at Dieppe.

At Dunkerque, a direct hit was scored on a lock connecting upper and lower docks.

In the Belgian port of Ostend one raider was thrown over on its back by the force of a great bomb blast.

At Flushing, explosions and fires broke out after twenty minutes of intense bombing.

The so-called American dock was blasted at Antwerp.

Other targets were a big railway yard at Brussels and the long-range German guns at Cap Gris Nez, France.

Distribution centres were attacked at Osnabruck, Ebrang, Hamm and Mannheim, a convoy was blasted off Borkum, a German destroyer hit and The Netherlands airdrome of DeKooy was raided.

The R.A.F. lost seven planes.

BRITISH WARSHIPS POUNDING ITALIANS

Continued from Page 1

"On the night of September 17 one of our naval units bombarded the coast road to Salum at close range. Simultaneously other units attacked enemy concentrations at Sidi Barrani."

"The Commander-in-Chief, Mediterranean, reports that both these bombardments appear to have had considerable success."

"Bengal was attacked by aircraft of the Fleet Air Arm on September 16. The Commander-in-Chief, Mediterranean, reports that during this attack one merchant ship was set on fire. One destroyer was probably sunk and several other ships were damaged."

"Yesterday's Italian communiqué admitted that a torpedo boat and a pontoon had been sunk and a few fires started at Bengasi."

"In current with these operations off the Libyan coast, naval operations have been carried out in other areas. In the course of these operations no enemy naval forces could be detected."

"In the Northeastern Mediterranean one of our convoys and its escort of warships were several times unsuccessfully attacked by aircraft."

AIR FORCE ACTIVE
CAIRO, Egypt, Sept. 19 (AP)—The Royal Air Force issued the following communiqué Thursday:

"Yesterday a highly successful air attack was launched on enemy bases in the Dodecanese Islands. At Mariza, Rhodes, fires were started and several explosions, followed by a large fire, were seen at Calisto. Hangars, barracks and the harbor jetty were hit at Portogalo Bay, Leros. A fuel store was hit and the fire spread along the coast. All our aircraft returned safely."

"Continuous raids were launched against the enemy from the Western desert. Aircraft were set afire at Derna, buildings hit at Tobruk and a large concentration of motor transport between Salum and Sidi Barrani was set on fire."

BOMBS HIT PLANES
"A successful attack was made on about fifty transports (planes) on the ground at El Timimi. Bombs fell among the aircraft and severe damage was caused."

"Raids also were made on Bognha, Bardia, and a camp in the Capuzzo Salum area. One of our aircraft is missing."

"Aircraft of the South African Air Force raided an airdrome at Mogadiscio (Italian Somaliland) for the sixth time on September 17. All

bombs were dropped on hangars and buildings and many fires were started.

"An attack was also made on Lavello, Abyssinia (Ethiopia). One enemy bomber was destroyed and considerable damage to buildings and hangars resulted."

"Three raids were made by R.A.F. bombers on Kassala. One enemy fighter which attempted to intercept was damaged. Asab and Dire-dawa again were attacked and fires observed."

ADMITS SELLING
ROME, Sept. 19 (AP)—Italy is using fourteen Libyan native divisions (about 170,000 men) in addition to Italian troops in the drive into Egypt, Marshal Rodolfo Graziani reported to Premier Mussolini today.

The Italian commander's report was made as a high command communiqué disclosed the British fleet and air force had bombed and shelled Italian positions along 350 miles of the Egyptian and Libyan coast, as well as in East Africa and the Dodecanese Islands, in the Eastern Mediterranean.

Graziani was reported to have told Mussolini he used 2,000 motor trucks in the eastward advance.

The British counter-offensive by air and water was reported by the Italian high command on a 350-mile front of the Egyptian and Libyan coast. In addition, bombing attacks were made on Rhodes and Lero, in the Dodecanese Islands, and seven Italian bases in East Africa.

C.G.I.T. NOTES

VICTORIA

The annual week-end conference of the Victoria C.G.I.T. Leaders' Council will be held this week-end at the home of Mrs. T. Hammond, Cliffside, Shawnigan Lake. All Sunday school workers and leaders are invited to this event, which opens on Saturday evening and continues all day Sunday. "Building for the Future" is the conference theme and same will be discussed in three sections: (a) workers, (b) material, (c) Christ, our cornerstone. Miss Minnie Beveridge, president of the Girls' Leaders' Council, will preside over the sessions, and Miss Anne Pountain, Vancouver, will lead some of the discussions. Those wishing transportation are asked to communicate with Miss Beveridge. Cars will leave the Metropolitan Church

FRUIT AGENCY INCORPORATED

New Sand and Gravel Company Licensed in Greater Victoria Area

Interior fruitgrowers, working through a committee of the British Columbia Fruitgrowers' Association, launched a \$250,000 advertising organization yesterday, securing extra-provincial incorporation under the title of the Canadian Advertising Agency, Ltd., with offices at Montreal and in care of the British Columbia Tree Fruit Board at Kelowna. The authorized share of capital of the company was placed at \$250,000. Other incorporations included the Mount Talmie Sand & Gravel Company, \$125,000, with registered offices at 1122 Government Street, Victoria, and the following list of other domestic concerns:

Tel-A-Tone, Ltd., \$100,000, Vancouver.

Climax Lumber Company, \$100,000, Vancouver.

Pacific Fruit Products, Ltd., \$50,000, Vancouver.

McMinn Dairy Farm, Ltd., \$10,000, Vancouver.

C.M.S. Logging Company, Ltd., \$10,000, Vancouver.

Horie Electrical Machinery Company, Ltd., \$10,000, Vancouver.

Hall Motor Company, Ltd., \$10,000, Vancouver.

Two societies were licensed: The Greater Vancouver War Chest, of 1675 West Tenth Avenue, Vancouver, and the Win the War Club, at Room 220 Vancouver Block, Granville Street, Vancouver.

Precious stones, their composition, cutting and characteristics were the topic of the Rotary Club luncheon address given yesterday in the Empress Hotel by M. J. Little.

In drawing a comparison between human characteristics and those of precious stones, Mr. Little remarked that there were some stones the jeweler could do anything with. They were just like putty in his hands. These, he said, were like people with no strength of character.

Other stones, marked with a spot of carbon, but which possessed a hidden beauty, were like those people whose good qualities were shadowed by some weakness. Other stones were perfect, the speaker continued, but they bore a resemblance to those "goody-goody" people, and lacked something.

Then again, still others that had a dynamic attraction had to be worked gently for fear of damaging them. They were compared to certain attractive personalities whose confidence had to be won gently.

Jewelry, goldsmiths and laboratory workers were partners of nature, Mr. Little said, for they took nature's hidden treasures, cut and polished them, and thus brought out their real beauty.

He also pointed out the significant fact that two of the most precious stones—diamonds and rubies—were composed of common elements, diamonds being pure carbon, and rubies pure oxide of aluminum.

The speaker was introduced and thanked by Gerald Yardley, president, John Connolly and Joseph B. Davenport were elected to membership in the club.

What Today Means

"VIRGO"

If September 20 is your birthday, the best hours for you on this date are from 10:30 a.m. to 12:30 p.m.; from 2:30 to 4:30 p.m. and from 8:30 to 10:30 p.m. The day periods are from 8:30 to 10:30 a.m. from 6:30 to 8:30 p.m. and from 10:30 p.m. until midnight.

A sense of humor can be figured as being among the saving graces on this date, so use yours to the fullest extent possible, and don't take things too seriously. Maintain the proper sense of proportion, or distorted views will make you see things in a cock-eyed fashion. Make allowances for individual peculiarities on this day, for an unsuspected amount of nerve strain may be largely responsible for them. Nature is generous with her warnings whenever man's physical well-being is subjected to an undue amount of stress or strain, and this is a day when they must not be ignored, unless you are willing to pay a penalty for disregarding them. There are very few exceptional men and women, and it will only be egotists who are foolish enough to regard themselves as being such on this day, and subsequent events are likely to prove that they have been seriously mistaken. Married and engaged couples, as well as sweethearts, need only to make up their minds to enjoy thoroughly this day.

If a woman and September 20 is your birthday, you can retain the spirit of youth if you will make up

your mind not to worry over trifles. Frowns are conducive to wrinkles, so keep your brow unfurrowed by concentrating on happy thoughts. Much will depend on the efforts you expend in molding your own character, so make good use of the many admirable traits that are inherently yours. Develop the lowly, often cast the undesirable one into oblivion. As a dietician, housewife, teacher, writer, musician, interior decorator, demonstrator, lawyer, doctor, artist, broker, ac-

countant, secretary, librarian, or in some managerial capacity, you may win an unlimited amount of praise and remuneration commensurate with the amount of effort you have put into your work. Your marital life appears to be surrounded by favorable conditions conducive to the furtherance of your peace of mind and happiness.

The child born on September 20 should have impressed upon it that "charity begins at home," and that it ought to endeavor to do its daily

good deed within the home circle before seeking fields afar for its performance. Too many outside influences often create within the minds of children born on this date the impression that their paramount interest should be to win the approval of "outsiders," rather than that of their parents.

If a man and September 20 is your natal day, only by learning to be systematic and thoroughly conversant with every minute detail of your work can you expect to get

satisfactory results. Your future may be assured if you engage in aviation, building, writing, contracting, acting, banking, law, medicine, manufacturing, selling of governmental work.

Canadians are the world's biggest phone talkers. Official figures just published show that, for the eleventh consecutive year, they lead the nations in saying it by phone.

Their latest score is an average of 235 phone calls per person. The United States comes next with 223, then Denmark with 185, and Sweden with 181.

IN RESPONSE
TO REQUEST

Number of Wireless Operators for R.A.F. Already Dispatched Overseas

OTTAWA, Sept. 19 (CP).—A considerable group of ground wireless operators from schools in Canada have arrived in the United Kingdom in response to a request from the Royal Air Force, Air Minister C. G. Power announced today.

These operators, he said, were trained in the Montreal Wireless School under the British Commonwealth air training plan and more will go overseas from time to time. The Minister estimated present strength of the Royal Canadian Air Force at 26,500 officers and men. Of these 1,600 officers and 15,000 men are in the air training plan, he said. About 9,000 are in the

home war establishment or in overseas service.

A staff of 3,500 civilian is also involved in the training plan.

British Columbia
Pilot Officer Is
Reported Missing

VANCOUVER, Sept. 19 (CP).—Rev. and Mrs. J. Clark Stewart, Vancouver, have been advised that their son, Pilot Officer Donald E. Stewart, has been reported missing by the Royal Air Force following air action on September 11-12.

Pilot Officer Stewart left here more than a year ago to join the R.A.F. He recently completed his training and entered active service. He attended Brentwood College near Victoria, and later studied at the University of British Columbia and the University of Washington, in Seattle, where he was enrolled in the school of forestry.

SHIPYARDS TO
HAVE CONTRACT

Victoria and Mainland Yards To Build Service Boats For Canada

Additional war contracts were announced yesterday by the Provincial Department of Trade and Industries, after advices from Ottawa. Victoria boat works will share in the new business by the construction of three service boats of moderate dimensions.

Armstrong Bros., Victoria, were awarded a contract for the completion of two forty-five-foot service boats, while the Victoria Motor Repair Works received an order for one service boat sixty feet overall. The larger boat will be equipped with Diesel engine power.

The Star Yards, at New Westminster, received contract for the construction of a ninety-five-foot target-towing tug, also with Diesel engine. The Grenfell Yards, Vancouver, were given orders for ten dinghies, each sixteen feet long.

LOWEST PACK
IN SIX YEARS

Decrease in Pinks and Bluebacks Accounts for Fewer Cases of Salmon

VANCOUVER, Sept. 19 (CP).—British Columbia's canned salmon pack up to September 14 totaled 918,525 cases, almost 180,000 cases under the pack at a similar date last year, according to the weekly bulletin issued here by the Department of Fisheries.

The pack was the lowest in six years, mainly because of a large decrease in the pink pack, which was only 209,044 cases. Last year's pack at the same date totaled 561,529 cases, more than double the 1940 pack.

The blueback pack was also less than half the 1939 total, amounting to 21,857 cases, an increase over 1938. The coho pack dropped slightly, from 137,334 cases to 134,753.

Packs of other species showed increases. Sockeye pack totaled 353,691 cases, an increase over the 1939 total of 254,388 cases, and the aprling salmon pack increased from 14,336 cases to 15,728. Steelhead rose from 905 to 922 cases, and chum more than doubled, from 84,059 to 182,330.

Canadians Seize
American Fishing
Vessel on Coast

WASHINGTON, Sept. 19 (AP).—Coast guard headquarters here today said it had been advised from Seattle that the Canadian naval boat, Marconal had found the United States boat Aloha fishing illegally thirty miles southwest of Goose Islands, off British Columbia.

The Canadian boat delivered the Aloha to the coast guard vessel at Paton Island and the Aloha was conveyed to Seattle, where her master and crew of five were placed in custody.

Norwegian Ships
Being Armed for
Patrol Purposes

HALIFAX, Sept. 19 (CP).—Mally Norwegian ships now in East Coast Canadian ports and in the West Indies are being armed for coast patrol and convoy duty. Dr. Leiv Kreyberg, chief medical officer of the Royal Norwegian Overseas Force, said here today.

Arming of the fleet was part of Norway's continued war against Germany, Dr. Kreyberg said. Another part of the Norwegian overseas war effort was establishment in Toronto of an air training camp, where already about 300 men were in training. One hundred bombing and pursuit planes have been ordered.

"These activities are being paid for and totally supported by the Norwegian Government," he said.

ITALIAN SHIP MOVES

ASTORIA, Ore. Sept. 19 (AP).—The Italian freighter Lila which tied up at Astoria at the time Italy entered the war, departed up the Columbia River for Portland today to discharge part of her cargo.

Her officers refused to say what their plans were beyond that.

Transportation Men Remember City Ticket Agent On Eve of Marriage

On the eve of his marriage, which takes place tomorrow, Clyde E. Bannister, city ticket agent for Trans-Canada Air Lines, was the central figure in a pleasant little presentation ceremony in the office of the company after working hours last evening.

Wallace G. Courtney, local traffic manager of the air company, made the presentation on behalf of city transportation men and expressed the wish of his colleagues for a "happy landing."

Accepting the gifts—a mantel clock and a reading lamp—the bridegroom-to-be voiced his appreciation to all for the happy thought prompting the selection of such useful articles.

Among those present were Charles F. Earle, Austin Curtis, Garnet Gibson, Harold Devine, Alastair Campbell, A. L. Brinkman, R. A. Benwell, all of the Canadian National Rail-

Old Clipper Casts Off Mooring Lines Under Captain A. Goring, Master

Off on another voyage, the good ship Thermopylae let go her mooring lines at 8 o'clock the other night, and before they are made fast again, the old clipper will have cruised many miles.

After the decks were cleared up and lines stowed away below the crew were mustered aft. Captain Goring addressed them and thanked all hands for the honor done him in placing him in command for the current voyage and said he hoped it would be as pleasant and harmonious as the previous one had been.

Other officers for the voyage are Captain C. C. Sainy, first officer; Fred Robertson, second officer; J. White, third officer; W. Nettleship, boatswain; Captain A. Baylis, supercargo; F. H. Kemp, cook, and S. W. Brock, steward.

It had been mooted for some time among the ship's company that October 13 should be recognized in some way to commemorate the honorable end of the Thermopylae, sunk by gunfire on that date by the Portuguese Government to save her from the ignominious end of being used as a hulk or being left to rot in some muddy creek.

CHURCH PARADE
It was at first proposed that a get-together dinner should be held, but as October 13 falls on Sunday this year and because it comes so close to the annual Christmas din-

ner, it was suggested and agreed upon to have a church parade, preferably to St. Andrew's Presbyterian Church, and the pastor was instructed to get in touch with Rev. J. L. W. McLean to that end.

Shipmate McDonald read a very interesting booklet on the ship Cutty Sark, which was much appreciated by all hands. Several shipmates gave their views and discussed matters pertaining to ships in general. During the discussion new articles were signed, and following a very pleasant evening, the watch was sent below.

Battered Fishing Schooner Reaches Port After Losing Captain in Atlantic Storm

RICHMONT, N.B. Sept. 19 (CP).—A tale of harrowing days and nights on storm-swept waters was told today by three surviving crew members of the battered fishing schooner Leila Anne after they made this port last night mourning the loss of their skipper, Captain J. Harber, Shipwrecked, N.B.

At the peak of Monday night's sale, while the schooner wallowed in the Gulf of St. Lawrence about ten miles off North Cape, P.E.I., a terrific sea swept the deck washed Harber overboard and carried away the forecastle and a dory.

The exhausted survivors, Jonas Paulin, Edgar Lantekne and Aime Noel, required medical attention upon their arrival here.

COURT JUDGMENT TO BE APPEALED

Shou Yin Mar vs. Royal Bank of Canada Case to Be Heard On Monday Morning

An appeal of Shou Yin Mar, Victoria Chinese woman, vs. the Royal Bank of Canada, will be heard by the Court of Appeal on Monday morning. Frank Higgins, K.C., will appear for the appellant, and Alfred Bill, K.C., and D. Marsh Gordon for the bank.

Rex (R.) vs. Whitehouse (A.) is listed for Tuesday, an appeal from Mr. Justice Murphy. H. F. Bird will appear for the appellant, and H. Colgan for the respondent.

The Shou Yin Mar appeal is from a judgment of Mr. Justice H. B. Robertson on June 11. Action of the Chinese woman against the bank for \$8,000 damages for the alleged conversion of two cheques was dismissed by His Lordship.

APPEAL ALLOWED

An appeal of Cora Lillian Smith and Mary Catherine Smith (A.) vs. W. C. Woodward, P. A. Woodward, Mitchell Hodge and William Mann (R.) was allowed by the Court of Appeal yesterday. The question of costs was taken under advisement.

The appeal was from a decision of Mr. Justice Manson on August 17. Appellants are executrices and beneficiaries of the estate of the late Charles Woodward. The respondents are also executrices. Mr. Justice Manson ruled that a bill of costs submitted by F. Kay Collins was to be paid out of the estate, against the contention of the respondents that costs were payable personally by the four executrices. In the appeal, Mr. Collins represented the respondents, and R. L. Maitland, K.C., appeared for the appellants.

REPEAL IS PROTESTED

Meeting Passes Resolution Against Rescinding Early-Closing By-Law

At a mass meeting of retail clerks and merchants in the Crystal Gardens last night, a resolution strongly opposing repeal of the early-closing by-law was passed. The resolution, which stated that the present by-law was satisfactory to 95 per cent of those concerned in the retail trade and its repeal would open the way to many abuses, will be forwarded to the City Council.

At the last meeting of the police commission, it was decided to recommend to the City Council that the by-law be repealed. The council will meet this afternoon, when the matter will be considered. Speakers heard last night were J. Talbot, former president of the Retail Clerks' Union; O. L. Wilby, secretary of the Community Grocers' Association; Alderman Edward Williams, representing the police commission; E. Pywell, chairman of the organizing committee of the Trades and Labor Council; Donald Maxwell, general organizer of the clerks' union for this province; and C. J. Wright, chairman and president of the local No. 604.

COMPLAINTS RECEIVED

Alderman Williams gave the history of the early-closing by-law. On the advice of the city solicitor, the commission decided that the by-law could not be amended, but must be repealed and another put in its place. He spoke of complaints received from tourists camp proprietors and small store owners against the ordinance.

It was impossible to see that the law was enforced by all the small stores, he said, and added that its repeal would have no effect in doing with the general stores in the city. Mr. Talbot said that it had taken

"RIVER'S END" IS EXCITING PICTURE

Film Adapted From James Oliver Curwood Story Now Showing At Dominion

"River's End," which opens today at the Dominion Theatre, starring Dennis Morgan and George Tobias, supplies plenty of fast-moving action from the opening shot until the final reel.

Adapted from James Oliver Curwood's greatest adventure story, the picture brings to the screen the most gripping drama in the history of the Northwest Mounted Police. It is the tale of River's End, the Dodge City of the North, where civilization ends and adventure begins. Dennis Morgan gives the most convincing performance of his career in his dual role of Sergeant Conniston and John Keith, escaped murderer. Elizabeth Earl makes her American screen debut as the girl who is torn between love for her sweetheart and devotion for her brother.

Mayor Announces Cash Collection To Help British

MAYOR Andrew McGavin announced yesterday that donations to a fund to assist those who have lost their homes and possessions in the British Isles through ruthless Nazi bombing of non-military objectives, would be received at the City Hall up to September 28. Other plans to raise money for the fund will be discussed during a meeting of the City Council this afternoon.

A lot of work, time and money to get the by-law, and he urged that it be retained. Mr. Wilby criticized the police commission for "repealing the by-law because it was easier to abolish it than enforce it." He added that 90 per cent of the tourists coming to camps brought perishable foodstuffs with them.

NO BETTER ACT

Mr. Maxwell stated that the presence of the large crowd in itself achieved the purpose of the meeting—to oppose repeal of the by-law. He added that there was no news of a better act or amendment to the present legislation. Repeal left the merchants wide open for competition, in the opinion of the speaker. He described the by-law as a fence around the hours of work.

Mr. Pywell said that the Trades and Labor Council was 100 per cent behind the Retail Clerks' Association in its recommendations.

REPRESENTS HOTELS

MONTREAL, Sept. 19 (CP).—E. H. Prapper, of Montreal, will represent the Quebec Hotel Association at the American Hotel Association convention in Seattle next month. It was decided at a meeting of the Quebec Association yesterday. He will also represent the association at the annual meeting of the Canadian Hotel Association at Vancouver on September 30.

AMUSEMENTS

On the Screen

Atlas—Tyrone Power, in "Johnny Apollo".

Cadet—"Pinocchio," Walt Disney production, in Technicolor.

Capitol—"Carole Landis in 'Turnabout'."

Dominion—"River's End," with Dennis Morgan.

Rio—William Boyd in "Santa Fe Marshal."

virtue role of his career, even including "Jesse James," as the college playboy who finds the world turned against him when his father is exposed as a criminal.

Dorothy Lamour sparkles in a new type of role as a sophisticated New York adventures. Edward Arnold and Lloyd Nolan play excellent "heavy" roles, with Charley Grapewin and Lionel Atwill in lighter supporting parts.

CADET Now showing at the THEATRE Cadet Theatre is the widely-acclaimed Walt Disney second full-length production, "Pinocchio," an adaptation of the story beloved of grown-ups and children alike.

"Pinocchio" was written during the latter part of the last century by Carlo Lorenzini under the pen name of C. Collodi. Collodi had been Lorenzini's nickname since his childhood and was the name of his mother's home village.

OAK BAY For a general idea as to how stanny looked when bustles were the rage—and as to how the best girl may look if all this ominous talk about their coming back materializes, see "Remember the Night," co-starring Barbara Stanwyck and Fred MacMurray, which is now showing at the Oak Bay Theatre.

PLAZA "It's in the Air," George Formby's latest Ealing production, which is now showing at the Plaza Theatre, is a spectacular aerial extravaganza. Filling in a goofy youth's hectic adventures and misadventures as a dispatch rider in the Royal Air Force.

RIO Another of those strange coincidences which continually manifest themselves in Hollywood was brought to light during the making of "Santa Fe Marshal," new "Casidy" thriller, which is now showing at the Rio Theatre, starring William Boyd as Hopalong Cassidy. Unknown to Producer Harry Sherman, Earl Hodgins, engaged to play the role of a medicine show proprietor, began his career in a medicine show and did the very things he does in the picture.

Thirteen Nominated For Daily Colonist Handicap Saturday

Leading Speedsters Listed as Probable Starters In Big Event—Killarney L. Sahara Chief, Some Turley and Maid of Broxa Head Nominations—Patage Wins Another Race

Thirteen thoroughbreds, including such speedsters as Killarney L. Sahara Chief, Maid of Broxa and Some Turley, have been nominated for the fifth running of The Daily Colonist Handicap Saturday at the Willows track. The distance for the event, feature programme of the week-end racing programme, will be six furlongs and thirty yards. Weight acceptances will be made known today, with Killarney L. Sahara Chief and Some Turley expected to draw top positions. The former won the Hamber Cup this season on the Matilda and has only suffered one setback this season. Sahara Chief, 1939 winner of the handicap, galloped to an easy victory in the Navy, Army and Air Force Handicap last Saturday while Some Turley has scored two impressive handicap decisions in the local track. Maid of Broxa won the local Derby at one mile and one-eighth at Hastings Park.

NOMINATIONS
Complete list of nominations as announced yesterday, by racing stewards following Killarney L. Sahara Chief, Some Turley, Maid of Broxa, Happy Dinnah, Summer Smokey, Good Han, Rattle Hocks, Tellus and Dadd.

The Daily Colonist Handicap will be the sixth race on the programme and the winner will be decorated immediately following the finish of the event.
Public choice mounts had their linings yesterday on the heavy going at the Willows, getting down in front in the majority of the events. Surprise of the day's galloping was the defeat of Atky, most heavily backed thoroughbred of the day, who ran sixth in a field of seven horses in the fifth race at one mile.

Broderick and Britannia, winners of the second and third gallops, respectively, broke their maidens and combined to make possible a daily double payoff of \$53.60.
Rolodo, the favorite, copped the initial gallop of the afternoon, with Junie Chick second and Lady Pling third. Jockey Alex Haller rode his second winner of the day when he piloted Broxa M. to the wire in the fourth race. Zephia Lass scored a head decision over J. E. Bridges, the favorite, to take the place share of the event.

FOUR FOR SPORRI
Emil Spörri, who booted home four in front, had a leg-up on Venus Marcus and Flying Hostess, winners of the fifth and seventh gallops, respectively, and scored two narrow victories. The latter had to stand a drive to the wire to defeat Dr. L. Pills, running for his new owner, Mrs. T. Briggs, for the first time.
Patage, owned by W. J. "Bill" Lochhead, scored his seventh victory of the season, when he came to the wire in the final event of the afternoon's programme. Alex Haller, Vancouver hardboot, rode the winner for his third triumph of the day. Eagle Crest, with Rex Young in the saddle, was placed second ahead of Camp Spur after a photo finish.

The quinnels bet in the fifth and seventh races returned \$52.45 and \$38.35, respectively.
TODAY'S PROGRAMME
Seven flat races are carded today, with four sprints and three distance events. Feature event is the sixth gallop at one mile and one-eighth. First post time is 1:45 o'clock.

SAN DIEGO IN VICTORY

Defeats Los Angeles to Even Up Play-Off Series—Tacoma Wins

LOS ANGELES, Sept. 19 (AP)—San Diego evened the Pacific Coast League President's Cup play-off series with Los Angeles at one game each tonight by beating the Angels, 8-2.
R. H. E.
San Diego 8 13 0
Los Angeles 2 9 1
Batteries: Thomas and Salkeid; Stine, Fallon and Holm.

WESTERN INTERNATIONAL
TACOMA, Sept. 19 (AP)—Tacoma won the Western International Baseball League play-off championship tonight by defeating the penultimate winning Spokane Indians, 5-2, behind the steady pitching of Ray Medehini.

Both teams collected ten hits, but the Tigers delivered at more opportune moments. Catcher Bill Brenner drove home what proved to be the winning tally with a two-run triple in the sixth, and then came home a moment later on a wild pitch.
R. H. E.
Spokane 5 10 1
Tacoma 2 10 1
Batteries: Kinnaman, Windham and Roche; Medehini and Brenner.

INTERNATIONAL LEAGUE
JERSEY CITY, N.J., Sept. 19 (AP)—Hank Borowy, Newark ace, outpitched the veteran Frank Pearce here tonight as the Bears blanked Jersey City Giants, 1-0, to make it three straight in the first round of the Governors' Cup series.

Newark now will meet the winner of the Rochester-Baltimore series in the finals.
R. H. E.
Newark 000 000 001-1 7 1
Jersey City 000 000 000-0 3 0
Batteries: Borowy and Sears; Pearce and Blumie.

International League Play-Off
ROCHESTER, N.Y., Sept. 19 (AP)—Rochester won the first game of the International League play-off series with Baltimore, 3-2.
R. H. E.
Rochester 010 100 000-2 3 0
Baltimore 000 000 003-3 6 2
Batteries: Gornick and Mueller; Collier, Midkiff and Redmond.

AMERICAN ASSOCIATION
MINNEAPOLIS, Sept. 19 (AP)—The champion Kansas City Blues took the lead in their American Association play-off series with Minneapolis, when they won the third game of the series here tonight, 8-6, in a wild ball game. The series will be resumed here tomorrow night.
R. H. E.
Kansas City 300 004 001-8 10 1
Minneapolis 003 020 100-6 9 1
Batteries: Wenslow, Gill, Haley, Geisbauer and Riddle; Hogsett, Evans, Smythe and Denning.

SAN FRANCISCO, Sept. 19 (AP)—Fred Apostel, San Francisco ace, won a ten-round decision tonight over Bobby Pachio, of Los Angeles, in a main-event battle here.
Apostel scored 102's, Pachio 157.
Pachio pounded Apostel's face up, mercifully the first three rounds and had the home-town batter bleeding badly, but the Italian rallied to take the next five cantos by narrow margins and finished strongly in the final two.

WINNERS AT COLWOOD
Mrs. W. H. Lawson finished four to walk off with top honors in golf yesterday at the Colwood Golf Club. She went around the eighteen holes in 87. Mrs. W. Irvine was the leader of "B" division by being two up.

Victoria Players Chosen on Squad Which Faces East

NEW WESTMINSTER, Sept. 19 (CP)—Two Victoria players were tentatively chosen here last night along with three from Vancouver to form the nucleus of the British Columbia all-star box lacrosse team that meets Ontario for the Minto Cup.
Bill McCaghy and Eric Lee, of the Island Capital, were picked at a workout here, as were Reg Phillips, Russ Proctor and Bill McClure from Vancouver.
Remaining spots on the team will be filled Sunday.

WINNER OF CITY MEET

Margaret Sutcliffe Defeats Norah Wilson in Golf Final, 4 and 3

Capturing three successive holes on the back nine, which made her four up as she was already out in front at the halfway distance, Margaret Sutcliffe won the women's championship of the Victoria Golf Club yesterday afternoon at the sea-level club. She defeated Norah Wilson in the scheduled eighteen-hole final. This victory is No. 2, as Miss Sutcliffe's list for the year, as she previously won the city crown at the Colwood Club from Peggy Hodgson.

The new titleholder took the lead for the first time at the short second hole, but Miss Wilson came right back and squared at the next green with a winning five to her opponent's six. A four gave Miss Sutcliffe the fifth and a pair of fives halved the next hole, but again, at the seventh green, Miss Wilson was on even terms as she won the hole with a four. The city champion moved into the lead at the eighth and halved the ninth to hit the back stretch, one up. Miss Sutcliffe was out in 44 and her opponent 45.

Getting a three at the tenth and two straight holes on the next two holes, Miss Sutcliffe went four up and it was then just a case of how long the match would last. Miss Wilson won back the thirteenth but lost the fourteenth and halved the next hole and the battle was all over.

Marjorie Todd, who once ruled the city fairways, won the first flight honors from her mother, Mrs. E. D. Todd, 7 and 6, while Mrs. G. H. Simons took the second flight prize from Marla Prior, 1 up. Jean Lennox was handed the third flight award on a platter, as her opponent, Mrs. W. F. Munro, defaulted.

DAILY DOUBLE (BRODERICK-BRITANNIA) PAID \$53.60
4392-FOURTH RACE—Claiming, three-year-olds and up, five and one-half furlongs. Purse divided First, 1175; second, 150; third, 125; 35 to each additional starter.

Thirteen Nominated For Daily Colonist Handicap Saturday

Leading Speedsters Listed as Probable Starters In Big Event—Killarney L. Sahara Chief, Some Turley and Maid of Broxa Head Nominations—Patage Wins Another Race

Thirteen thoroughbreds, including such speedsters as Killarney L. Sahara Chief, Maid of Broxa and Some Turley, have been nominated for the fifth running of The Daily Colonist Handicap Saturday at the Willows track. The distance for the event, Turley has scored two weeks-end racing programs at the will be six furlongs and thirty yards. Weight acceptances will be made known today, with Killarney L. Sahara Chief and Some-Turley expected to draw top spots. The former won the Hamber Cup this season on the Mainland and has only suffered one setback this year. Sahara Chief, 1939 winner of the handicap, galloped to an easy victory in the Navy, Army and Air Force Handicap last Saturday while Some Turley has scored two impressive handicap decisions at the local track. Maid of Broxa won the Ascot Derby at one-mile and one-eighth at Hastings Park.

NOMINATIONS
Complete list of nominations, as announced yesterday by racing stewards following Killarney L. Sahara Chief, Some Turley, Maid of Broxa, Happy Dinah, Simmer, Simony's Boy, Flynne Heir, Contributor, Good Han, Rattle Hocks and Telus and Dodd.

The Daily Colonist Handicap will be the sixth race on the program, and the winner will be decorated immediately following the finish of the event.

Public choice mounts had their linings yesterday on the heavy going at the Willows, getting down in front in the majority of the events. Surprise of the day's galloping was the defeat of the most heavily backed thoroughbred of the day, who ran sixth in a field of seven horses in the fifth race at one mile.

Broderick and Britannia, winners of the second and third gallops, respectively, broke their maidens and combined to make possible a daily double payoff of \$33.60.

Rolodo, the favorite, topped the initial gallop of the afternoon, with Junie Chick second and Lady Ping third. Jockey Alex Haller rode his second winner of the day when he piloted Broxa M. to the wire in the fourth race. Zephia Lass scored a head decision over J. E. Bridges, the favorite, to take the place share of the event.

FOUR FOR SPORRI
Emil Spörri, who booted home four in front, had a leg-up on Venus Marcus and Flying Hostess, winners of the fifth and seventh gallops, respectively, and scored two narrow decisions. The latter had to stand a drive to the wire to defeat Dr. Pills, running for his new owner, Mrs. T. Briggs, for the first time.

Patage, owned by W. J. "Bill" Lockhead, scored his seventh victory of the season when he came to the wire in the final event of the afternoon's program. Alex Haller, Vancouver hardboot, rode the winner for his third triumph of the day. Eagle Creek, with Rex Young in the saddle, was placed second ahead of Camp Spur after a photo finish.

The quinnella bet in the fifth and seventh races returned \$52.45 and \$38.35, respectively.

TODAY'S PROGRAMME
Seven flat races are carded today, with four sprints and three distance events. Feature event is the sixth gallop at one mile and one-eighth. First post time is 1:45 o'clock.

SAN DIEGO IN VICTORY

Defeats Los Angeles to Even Up Play-Off Series—Tacoma Wins

LOS ANGELES, Sept. 19 (AP).—San Diego evened the Pacific Coast League President's Cup play-off series with Los Angeles at one game each tonight by beating the Angels, 8-2.

WESTERN INTERNATIONAL
TACOMA, Sept. 19 (AP).—Tacoma won the Western International Baseball League play-off championship tonight by defeating the penultimate Spokane Indians, 5-2, behind the steady pitching of Ray Medeghini.

Both teams collected ten hits, but the Tigers delivered at more opportune moments. Catcher Bill Brenner drove home what proved to be the winning tally with a two-run triple in the sixth, and then came home a moment later on a wild pitch.

INTERNATIONAL LEAGUE
JERSEY CITY, N.J., Sept. 19 (AP).—Hank Borowy, Newark ace, out-pitched the veteran Frank Pearce here tonight as the Bears blanked Jersey City Giants, 1-0, to make it three straight in the first round of the Governors' Cup series.

Newark now will meet the winner of the Rochester-Baltimore series in the finals.

INTERNATIONAL LEAGUE
BALTIMORE, Sept. 19 (AP).—Baltimore won the International League play-off series tonight by defeating the Rochester Red Wings, 3-0.

AMERICAN ASSOCIATION
MINNEAPOLIS, Sept. 19 (AP).—The champion Kansas City Blues took the lead in their American Association play-off series with Minneapolis when they won the first game of the series here tonight, 8-6, in a wild ball game.

The series will be resumed here tomorrow night.

SAN FRANCISCO, Sept. 17 (AP).—Fred Apostoli, San Francisco's ex-berd, won a ten-round decision tonight over Bobby Pacheco of Los Angeles in a main-event battle here.

Apostoli scored 102-2, Pacheco 157. Pacheco pounded Apostoli's face unmercifully the first three rounds and had the home-town brawler bleeding badly, but the Italian rallied to beat the next five cantos by narrow margins and finished strongly in the final two.

Victoria Players Chosen on Squad Which Faces East

NEW WESTMINSTER, Sept. 19 (CP).—Two Victoria players were tentatively chosen here last night along with three from Vancouver to form the nucleus of the British Columbia all-star box lacrosse team that meets Ontario for the Minto Cup.

Bill McCaghey and Eric Lee, of the Island Capital, were picked at a hectic pennant battle, fortified himself with additional play-off information today—"just in case."

President Harridge issued recently that in case two teams finished with the same percentage, the president's official would arrange a special one game play-off for the championship.

This game would be played the day following the close of the season on a field to be determined by lot.

"In case of three teams finishing series."

WINNER OF CITY MEET
Margaret Sutcliffe Defeats Norah Wilson in Golf Final, 4 and 3

Capturing three successive holes on the back nine, which made her four up as she was already out in front at the halfway distance, Margaret Sutcliffe won the women's championship of the Victoria Golf Club yesterday afternoon at the seashore course by coming through with a 4 and 3 decision over Norah Wilson in the scheduled eighteen-hole final.

This victory is No. 2, as Miss Sutcliffe's list for the year, as she previously won the city crown at the Colwood Club from Peggy Hodgson.

The new titleholder took the lead for the first time at the short second hole, but Miss Wilson came right back and squared at the next green with a winning five to her opponent's six. A four gave Miss Sutcliffe the fifth and a pair of fives followed the next hole, but again, at the seventh green, Miss Wilson was on even terms as she won the hole with a four. The city champion moved into the lead at the eighth and halved the ninth to hit the back stretch, one up. Miss Sutcliffe was out in 44 and her opponent 45.

Getting a three at the tenth and two straight fives on the next two holes, Miss Sutcliffe went four up and it was then just a case of how long the match would last. Miss Wilson won back the thirteenth but lost the fourteenth and halved the next hole and the battle was all over.

Marjorie Todd, who once ruled the city fairways, was the first flight honours from her mother, Mrs. E. D. Todd, 7 and 6, while Mrs. G. H. Simons took the second flight prize from Marla Prior, 1 up. Jean Lennox was handed the third flight award on a punter, as her opponent, Mrs. W. F. Muldoon, defaulted.

President Harridge Issues Ruling in Case of Tie At the Finish

"CHICAGO, Sept. 19 (AP).—President Will Harridge, whose American Baseball League is engaged in a hectic pennant battle, fortified himself with additional play-off information today—"just in case."

President Harridge issued recently that in case two teams finished with the same percentage, the president's official would arrange a special one game play-off for the championship.

This game would be played the day following the close of the season on a field to be determined by lot.

"In case of three teams finishing series."

BURRARDS IN EASY VICTORY

Vancouver Lacrosse Trims
Rossland Redmen in
First Tussle

VANCOUVER, Sept. 19 (AP)—The powerful Vancouver Burrards, inter-city champions, completely outclassed Rossland Redmen, West Kootenay titlists, tonight as they chalked up a one-sided 25-4 victory in the first game of a two-game total-goal series for the British Columbia senior box lacrosse championship.

Second game will be played Saturday and winners of the series travel East for the Canadian play-downs, finals of which will be held at Toronto.

Rossland, who recently disposed of Trail Golden Bears in a best-of-five series for the Kootenay title, were held scoreless until after the seven-minute mark of the third quarter, while Burrards passed and checked them to a standstill while running in fifteen consecutive goals.

The Vancouver "Blue Bombers" tipped New Westminster Adanacs, last year's Canadian champions, in the fifth game of a scheduled best-of-seven series recently, winning the first three and losing the fourth. Rossland's markers tonight were all scored by former Vancouver players with failures being made in pairs—in the third and fourth quarters. Gordon Ewart netted two for the Redmen, while Ernie Carner sank one and assisted in one other. George Anderson dropped in Rossland's fourth marker from a pass by Ken McGuire, one-time player with Richmond Farmers, of the Inter-City League.

LONDON'S HEAVIEST NIGHT OF BOMBING

and he deplored the necessity for gathering "in this dreary catacomb." Then, briefly, the directors declared a 6 per cent dividend.

In Southeast London, a time bomb jarred the motor car of the Duke of Kent, youngest brother of the sovereign. Rubble showered the machine. The Duke got out, unhurt, and men and women slapped him on the back.

"It's good to see you here," they cried.

Just across Westminster Bridge from the House of Parliament, the London County Hall, one of the most modern buildings in the city, reeled under the impact of a huge bomb.

Two waitresses in the great grey stone building, London's "City Hall," were killed; fifteen persons were injured.

Other bombs hit the courtyard of the British Museum, sprawling vault for an Empire's treasures in Bloomsbury, and damaged the premises of the Wallace collection, in the West End. But the treasures that these buildings normally hold have been taken away long since, or stored deep underground.

INNER TEMPLE HIT
In the Inner Temple, between the Strand and the Victoria Embankment, a bomb dug a big hole by the side of the lofty library clock tower. Law books in a collection of some 70,000 were flung about floors. Across the Strand, a turret of the public record in Chancery Lane was smashed.

Oxford Circus got one of the worst bombings. Peter Robinson's, spacious department store, was wrecked. One West End hotel got the full force of a great bomb which plunged through its roof, but the only missing guests were an army officer and his wife, whose room was a smear of debris.

Yet it was the homes and the apartments of the people that got the worst of all "these wanton attacks," the official said. Provisionally, they estimated ninety dead and 300 wounded over last night.

DIVIDENDS DECLARED

Consolidated Bakeries of Canada, Ltd., 25 cents, payable October 1 to holders of record September 23.

Dominion Oilfields & Limestone Company, Ltd., quarterly dividend, 30 cents a share, plus an extra dividend of 10 cents a share payable October 31 to holders of record October 13.

IMPROVED SHELTERS
LONDON, Sept. 19 (AP)—London grimly mopped up today the capital's fiercest raid on the capital while the press clamored for an improved shelter policy and against what it called trade sabotage—stopping work when the sirens scream.

Londoners traveling on buses through damaged streets on buses which in some cases were forced to make a wide detour from the ordinary route, noted demands of The Daily Express and The Daily Mail for deep bomb-proof shelters that would be dry, warm and airy during the winter. There were suggestions also for evacuating the aged and the infirm.

don districts by high explosive bombs, but the chief victims were occupants of small houses around central London and the southern suburbs. It is feared casualties were heavy.

AROUND MERSEYSIDE

While the Luftwaffe was proceeding with its indiscriminate bombing of the heart of the Empire, one Merseyside district suffered the war's most savage attack, which lasted several hours, causing a number of casualties, including some fatalities.

More than 100 high-explosive bombs as well as many of the incendiary type fell, causing extensive damage to houses and shops. One nurse was killed and several seriously injured when a nurse's residence was struck.

The night was a hideous cacophony of varied notes, ack-ack fire and screaming, crackling bombs. With another member of the Canadian Press staff, I sat in our apartment, which was literally swayed at times by bomb blasts somewhere in the district.

A view from the window often showed the horizon ruddy in several places with fires, but these appeared to be under control or extinguished with astonishing rapidity.

DOCUMENTS SCATTERED

Documents were strewn in a roadway amid a confusion of broken glass and masonry as a bomb hit a commercial building in Central London.

In the northwest a bomb sliced a large house, but the occupants were extricated from the wreckage practically unhurt.

A fireman was badly injured by falling down a shattered staircase in a Central London office block which was hit by two bombs.

A hundred yards distant, twelve people taking shelter in an underground passage escaped when a high explosive bomb fell in the centre of the street.

Five high explosive bombs dropped within a quarter-mile radius of two famous London squares, breaking windows all around, but not causing any casualties.

Many people were feared entombed under debris after several buildings were demolished when a raider crashed in South-east London with a full load of bombs.

RESCUERS BURIED

A rescue party in this area tried to save a trapped man whose body was partly exposed. They worked throughout the night under a partly demolished wall, which fell when he

was nearly freed, burying the rescuers. A second party dug out all their comrades, none of whom was seriously injured, and continued the work of freeing the trapped man.

More than 1,000 people marched in orderly manner from a shelter sixty feet underground to nearby surface shelters when a roof of a famous London building above them was fired. Despite its depth, the vault was shaken by the explosion's force.

An eye-witness called it an "incredibly senseless sight" to see those people marching through streets lit by flames from the burning buildings into streets on which showers of broken glass were still falling.

The rear of a bombed house in West London was smashed, but the front was practically untouched, and a bottle of milk on the doorstep was unbroken. In the same area five shops were bombed and two people killed.

Five members of the staff, including two men, were killed when sheltering in the basement of a grocery store in Northwest London, after a high explosive bomb traveling at a tangent scored a direct hit on the front of the premises.

Little Stories for Bedtime

Lightfoot Becomes Uncertain
By THORNTON W. BURGESS

Lightfoot the Deer traveled on through the Green Forest straight ahead in the direction from which the Merry Little Breezes were blowing. Every few steps he would raise his delicate nose and test all the scents that the Merry Little Breezes were bringing. As long as he kept the Merry Little Breezes blowing in his face he could be sure whether or not there was danger ahead of him. You see, the Merry Little Breezes delight in carrying all sorts of scents, and Lightfoot's nose is so wonderful that even though those scents be very, very faint he can catch them and tell just what they are.

Lightfoot uses his nose very much as you and I use our eyes. It tells him the things he wants to know. He knew that Reddy Fox had been along ahead of him, although he didn't get so much as a glimpse of Reddy's red coat. Once he caught just the faintest of scents which caused him to stop abruptly and test the air more carefully than ever. It was the scent of Buster Bear. It was so very faint that Lightfoot knew Buster was not near, so he went ahead again. But even more carefully than before. After a little he couldn't smell Buster at all, so he knew then that Buster simply passed that way, going to some other part of the Green Forest.

So Lightfoot knew that he had nothing to fear in that direction so long as the Merry Little Breezes brought him none of the dreaded bad scents, and he knew that he could trust the Merry Little Breezes to bring him that scent if there should be a man anywhere in that direction. The Merry Little Breezes are Lightfoot's best friends. But Lightfoot didn't want to keep going in that direction all day. It would

Every once in a while he would stop in a thicket of young trees.

take him far away from that part of the Green Forest with which he was familiar and which he called home. It might in time take him out of the Green Forest, and that wouldn't do at all. So after a while Lightfoot became uncertain. He didn't know just what to do. You see, he couldn't tell whether or not that hunter with the terrible gun was still following him.

Every once in a while he would stop in a thicket of young trees or behind a tangle of fallen trees uprooted by the wind. There he would stand facing the direction from which he had come and watch and listen for some sign that the hunter was still following. But after a few minutes of this he would grow uneasy and then bound away in the direction from which the Merry Little Breezes were blowing so as to be sure of not running into danger. "If only I could know if that hunter is still following—I would know better what to do," thought Lightfoot. "I've got to find out."

JOKERS OUT TO BEAT THE BAYS

Coach Gus Munro's Protes
Gunning for Second
Boxla Victory Tonight

Their best-of-five city championship series all tied up at one game each, Jokers and James Bay, senior gutted stick aggregations clash this evening at the Victoria Sports Centre in the third battle of the 1940 play-offs. The face-off is set for 8:30 o'clock.

Bays are battling in defence of the honors they won last season, while Gus Munro's proteges are making their first fight for championship recognition. The defending titleholders took the initial fixture, 21-14, but the Jokers upset the apple cart Wednesday by coming up with a 14-12 decision. Tonight's winner will take over the lead in the best-of-five play-offs.

Ted Menzies, veteran boss of the James Bay aggregation, feels confident that his proteges will hit championship form again tonight and take the Jokers into camp. At the same time, however, he pays tribute to the fine exhibition turned in Wednesday by the Jokers, and readily admits that the chores will probably be quite heavy this evening.

"Copper" Gus Munro, coach of the Jokers, announced last night that his club will be strengthened by the return to the line-up of young Andy Ovechick, smart centre, and looks for another victory. Ovechick is one of the top snipers on the squad, and his addition to the firing line will unquestionably strengthen the Jokers.

The preliminary game will bring together Foul Bay and Douglas Tire squads at 7 o'clock.

DATE SET FOR SOCCER PARLEY

Local League Will Hold Annual Meeting—To Foster High School Football

Local soccer moguls and team managers in session last night in The Colonist board room, set next Tuesday as the date for the annual meeting of the Victoria and District Football League. Officers for the 1940-41 term will be elected, and plans for the season outlined. Clubs not already associated with the league but desirous of playing during the coming season, are invited to have representatives present.

It was made known at the meeting that Victoria will continue to have a club in the Pacific Coast League, and organization of the team is now

BRAMPTON WINS LACROSSE GAME

MIMICO, Ont., Sept. 19 (AP)—Brampton Excelsiors deadlocked the Ontario Lacrosse Association senior "A" semi-finals tonight, walloping Mimico Mountaineers, 11-3, in the second game of the best-of-three series. Mimico won the first game Monday, 11-9.

The third game will be played here Friday with the winner qualifying to meet the St. Catharines Athletics, Dominion finalists last season, for the Ontario title.

under way First workout of the season is billed for Saturday at Heywood Avenue at 3 o'clock. All of last year's players and others wishing to play for the club are asked to attend.

Pat Mulcahy, former player, has been reappointed local commissioner by the provincial body, and was in attendance at last night's parley. He stated, following the session, that efforts will be made to build up high school soccer in the city during the coming season. Tentative plans call for the organization of an inter-school league, with the winners representing Victoria in the provincial play-offs.

NEW PLYMOUTH CARS ARE HERE

Many Improvements Shown
in 1941 Models at Begg
Motor Company

Addressing 125 Chrysler and Plymouth motor car dealers in Vancouver on Wednesday, John C. McGuire, sales manager, forecast a prosperous year for Canada in 1941. The occasion was the preview showing of the 1941 Plymouth, and was attended by J. M. Wood, manager of the Begg Motor Company here, T. Lumsden and eight other salesmen, as well as representatives from scattered sections of the province.

Analyzing the trend of Canadian business as a result of the address, Mr. Wood, on his return to this city, noted two significant factors leading to continuing prosperity.

SIGNIFICANT FACTORS

1. The number of employed wage-earners not only exceeds the 1929 peak, but this total does not include army enlistments. It is an all-time record, he said.

2. Wheat and agricultural crops show the best combined indications of yield in many years.

"Various retail establishments are reporting sales for the past month, as being more favorable than in many years," the executive stated.

Referring to the Plymouth Roadking, De Luxe and Custom models, now on display here, Mr. Wood said that they were designed for comfort, styled for swank and priced to please. "Truly king of the road is the new Plymouth family car, with

its smart new color treatments, re-designed front end, its beautifully-molded fenders, new hub caps, new lighting arrangements and its long category of improvements.

NEW IMPROVEMENTS

Among a few of the improvements and innovations mentioned by Mr. Wood are the wing design grille, sealed-beam headlights; bumper guards of the new end plate design, a long sweeping crease on the fenders; the hood opening in one piece from the front, which can be locked from the inside of the body; a one-piece, safety-engineered top, sweeping back to the stone guard inside the rear bumper; trunk lids equipped with a simple type of hinge and spring counter balance that makes opening and closing a matter of no effort at all; two-tone paint which is available on the De Luxe and Custom models; re-designed instrument panels; new eighteen-inch steering wheels on the De Luxe and Custom models; power rating has been raised from 84 to 88-horsepower and there is a new transmission gear ratio to give still faster getaway and more sparkling performance; oil bath air-

cleaners, which are standard equipment on all models; a new compression ring, new floating type oil strainer, improvement in the water thermostat elbow, change in the gear shifting fork to a trunnion type for easier operation, frame of X-girder truss type, new rubber-insulated spring shackles, increase in the front wheel camber adjustment, and many other features.

Outstanding and time-tested improvements of 1940 and previous years are retained in the 1941 Plymouth models, Mr. Wood concluded.

HIS MISTAKE

The young soldier had just complained that the meat for dinner was nearly raw. The orderly officer replied by extolling the qualities of raw meat, and rounded off by saying that for weeks before Captain Webb swam the Channel he ate a pound of raw steak every day. "I'm sorry, sir," replied the young soldier, "you will excuse me, but I thought we should be going across in ships!"

CAUSES OF RHEUMATISM AND ARTHRITIS

Now that vitamin B1 as found in fruits, vegetables, peanuts, ham, yeast, wheat germ, is so successful in the treatment of rheumatism (muscles and joints) and arthritis (joints), there may be some patients who do not continue the use of heat in its various forms. Heat is always helpful because it increases the circulation of blood to the part and removes wastes and broken down tissues.

Also, since the discovery of B1, there has been a tendency to depend entirely on its use instead of avoiding the starch foods known to aggravate arthritic conditions.

Further, and this is more serious, patients and occasionally physicians also, fail to continue the search for the cause of the rheumatism and arthritis, and diet treatment and even heat treatment do not relieve the symptoms.

More than ten years ago Dr. Ralph Pemberton, Philadelphia, and Dr. A. A. Fletcher, Toronto, showed that starch foods were an important factor in causing and aggravating rheumatism. Dr. Pemberton pointed out also that, generally speaking, arthritis is not inherited but is most likely to occur in slender persons with flat chests, weak backs,

and prominent abdomens. Parents may therefore prevent, to a large extent, arthritis in their children by having the children taught to stand and sit correctly and eat the right foods.

In Hygiene, a few years ago, it was pointed out that tiredness, bad position or posture while at work, mental worry, exposure to cold and wet, and a generally run down condition tend to break down resistance to rheumatism that when any

illness such as influenza or cold, or infection such as may exist in the root of a tooth or in tonsils occurs, then rheumatism successfully attacks the body.

It is difficult for many persons to realize that even if they are in good health, a tooth causing no symptoms such as toothache may, nevertheless, be the cause of serious disease.

Another cause of arthritis is a bad bodily make-up or posture which interferes with the proper action of the various organs of digestion—liver, stomach and intestines—constipation being nearly always present.

The thought is that while vitamin B1 is of great help in preventing and curing arthritis, these other factors—tiredness, infection and bad posture should not be forgotten.

But, as wartime shows, it isn't only on the phone that Canadians are good at answering a call.

One never or hardly ever draws in a drawing-room; why is it so called?

On its face, the term "drawing-room" does not seem to give any hint as to its origin; but it does, and, once revealed, obviously.

For "drawing-room" is a contraction of the original "withdrawal-room"—the modern living-room—to which mine host and his guests withdraw after dinner, for coffee, liqueurs tobacco—and chat.
